YELLOW OWLS' NEWS JANUARY 2019

Happy New Year!! I hope everyone had a fun and relaxing Christmas break. I spent lots of time with family and friends and did lots of shopping with my daughters. I am all shopped out and ready to get back to my “cute little two’s” I think.... :)

During the month of January, we will be talking about Snow... and everything that goes along with it, except for the shoveling and snow plowing... we’ll leave that to the “professionals” :) We will be making popcorn, hot chocolate, and ice cream... all things that go along with a Snow Day. We will also get messy with shaving cream, moon sand and puffy paint. We will also experiment using objects other than paint brushes.

This month we will be working on:

- Continuing to share
- Holding our crayons etc.. the “right’ way
- Using our walking feet in our room and the hallway
- Matching colors and objects
- Sizes small, medium, and large
- The sense of Taste. Touch, and See

Welcome to our new friend Georgia!!

Ms. Carrie :)
