PART 1
JUNKYARDS

§13-101. General Regulations; License.

To establish, maintain or operate a junkyard the following regulations shall apply:

- A. An annual license, for which a fee in an amount to be established, from time to time, by resolution of Borough Council shall be charged for defrayment of costs for yearly inspections and other services, shall be obtained from the Borough.
- B. A fence of at least six feet in height shall fully enclose the property containing the junkyard in the interest of public safety and to provide greater security for the said junkyard. The fence shall be set at least 10 feet back from all property lines and, in cases where the fence shall border a stream or creek, it shall be set back at least 20 feet.
- C. Within a distance of 10 feet from adjoining properties and street or sidewalk lines, the height of junk or storage piles at any particular point shall not exceed in height the linear distance that that point is from the adjoining property line or street or sidewalk line.
- D. There shall be a fire lane for each 1,200 square feet of area covered by junk containing combustible material and areas where combustible material or inflammable or highly volatile material is stored, said lanes to be located therein so that no portion of said lane shall be more than 40 feet distant from adjoining lanes or the outer edge of the storage pile. Fire lanes shall be so located so that access thereto can be had from the nearest public street or opened thoroughfare. Fire lanes shall be kept open at all times and all fire lanes shall be not less than 8 feet in width.
- E. It shall be unlawful to permit the fence surrounding the junkyard to be used as a billboard or to allow handbills, signs or advertising matter of any kind to be posted or painted on such a fence.
- F. The planting of trees or large shrubs so as to completely shield the junkyard from general view shall be required.
- G. All combustible or inflammable material shall be stored separately from metal and no combustible or inflammable material shall be intermixed with metal junk, unless said combustible material is an integral part of said metal and cannot be removed therefrom.

LICENSES, PERMITS AND GENERAL BUSINESS REGULATIONS

- H. Dangerous, explosive, highly volatile and corrosive substances shall be stored separate and apart from combustible or inflammable material and shall not be intermixed with scrap metal.
- I. All scrap automobiles shall have the gasoline drained therefrom prior to storage and the tank shall have been pierced in such a manner that there shall be no danger of explosion thereof in event of fire.

(Ord. 888, 3/2/1981, §1; as amended by A.O.)

§13-102. Prorating of License Fees After Beginning of Year.

If application for a license shall be made after the first of the year, the annual fee for that particular year shall be prorated on a monthly basis. Thereafter all license fees shall be payable on or before the first of the year.

(Ord. 888, 3/2/1981, §1)

§13-103. Revocation of License.

If any person, firm or corporation licensed as aforesaid, shall violate any of the provisions of this Part or be convicted of receiving stolen goods, the Mayor shall have and is hereby given the power to forthwith revoke the aforesaid license.

(Ord. 888, 3/2/1981, §1)

§13-104. Penalties.

Any person, firm or corporation who shall violate any provision of this Part shall, upon conviction thereof, be sentenced to pay a fine of not more than \$1,000 plus costs and, in default of payment of said fine and cost, to a term of imprisonment not to exceed 30 days. Each day that a violation of this Part continues or each Section of this Part which shall be found to have been violated shall constitute a separate offense.

(Ord. 888, 3/2/1981, §1; as amended by A.O.)
