2016 Annual Report

We are pleased to announce the online publication of Montgomery County Juvenile Court's 2016 Annual Report. This report provides a comprehensive overview of case activity information on children who are alleged to be traffic offenders, delinquent, unruly (including tobacco related), neglected, dependent or abused and their families. It also provides information on civil cases regarding parentage, child custody, support and visitation and deals with adult misdemeanor crimes against children.

This report also highlights the many programs that our Court uses in working with youth in our juvenile justice system and describes the services and programs provided by the Court. The Juvenile Court is always pursuing collaborations with other youth-serving organizations and juvenile justice organizations in the community so that innovative programs and services can be implemented for Court involved youth and families. Ongoing efforts, such as the Juvenile Detention Alternatives Initiative (JDAI), expansion of services in Juvenile Treatment Court, the Helping Adolescents Achieve Long-Term Outcomes (HAALO) Program, Clerk in the Courtroom (CIC) Project, and the addition of Pro Se services, are prime examples of these efforts outlined in this report.

In an effort to support the environment and reduce costs, the Juvenile Court is reducing the amount of printed reports and is making the 2016 Report available electronically on the Court's website. Please visit the following link to view our report: <http://www.mcjcoho.org/annual-reports.asp>. We have recently moved our reports to the left hand navigation pane under Annual Reports on our Court webpage at <http://www.mcjcoho.org/default.asp>.

We strive for excellence in the delivery of fair and timely justice for our youthful offenders. While we hold them responsible for their actions, we also provide them with important rehabilitation.

Judge Nick Kuntz
