HEART OF THE WESTERN RESERVE TOUR

Lake County is often referred to as the Connecticut Western Reserve because it was claimed by the Colony of Connecticut and later by the state of Connecticut. The Reserve had been granted to the Colony by King Charles II. Discover how this has impacted the development of this area along the Lake Erie Shores. The smallest County in Ohio is filled with history of the Northwest Territory. It was the home to Indians, Millionaires, and President James A. Garfield. It was one of the strongest links in the Underground Railroad. We will visit many of the interesting and historical venues.

A stop at the Lake County Historical Center for Lunch and a tour of this historic County Home may prove interesting if the House Ghost decide to join us.
