<b>*Note: Payment of LOA fee is required each year when a member does not pay dues until Bond is surrendered.</b>		
<b>Total Amount Due</b>		<u><u>          </u></u>

**"Household" = The Club's dues assessment structure is first based on the number of adults living in the same household who desire to use the swim club. Each household must have at least one bond holding adult who has a paid membership for the current season. Next, the number of children of the adult Member(s) living in the household between the ages of 3 to 17 (regardless of the child's desire, ability or intent to use the Club during the 2019 season). A family is not required to pay membership dues for a child who will graduate from high school in June 2020; however the family may elect and pay to have membership privileges for this child.**

**Note for 2020: Supplemental Fee for Prior Year Non-bonded Members - This is a fee required from prior year Non-bonded Members who desire a 2020 membership without committing to a bond purchase.**
