## Riggs Shield on the Streets

Riggs Shield is the fastest deploying ballistic shield because this patented, non-lethal shield mounts to the inside of your patrol car door. At \$299, it is the best self-defense you can buy. It can save your life.

We're happy to document our top 5 recent success stories where using the Riggs Shield prevented injuries to law enforcement officers.

### Top 5 Success Stories

- 1. Officer investigated call of juveniles drinking behind a business** was able to block glass beer bottles thrown at him with the Riggs Shield. He was then able to subdue the suspects with a Taser and avoided injury to himself - and smelling like beer.
  - 2. During a traffic stop, a suspect jumped out of vehicle and tried to tackle the officer** who used the Riggs Shield to subdue and cuff the suspect. Officer was unharmed.
  - 3. Suspect under the influence of "spice" was running naked** and screaming in a shopping center. Three officers responded and used the Riggs Shield and Tasers to subdue and cuff the suspect. The officers were unharmed.
  - 4. Suspect attempted to grab female officer's gun and disarm her.** She blocked the suspect with the Riggs Shield and stunned him without injury to herself.
  - 5. Deputy responded to alarm call** and found 2 juvenile suspects who attempted to overpower the officer. Using the Riggs Shield and an asp, the deputy subdued both suspects until backup arrived. The officer was unharmed.
-

## Training Spotlight

### Riggs Shield Defensive Technique

#### Shield Grab 2

1. Officer pins suspect's right hand to the shield with right hand. Steps back to 9 o'clock with right leg.
2. Keep right hand pinned to shield until suspect is going to the ground.
3. Push suspect over to ground and stun.
