

THE SIGN OF THE VIRGIN

The purpose of this illustration is to depict the nomenclature of the various stars of the constellation Virgo, 12 in all. Coincidentally, there are also precisely 12 stars that make up the head region of the celestial motif. The constellation is depicted anthropomorphically as a woman, in particular a 'Virgin'. As such the delineation of the stars will make up mathematical phi ratio correspondence. This correlation is illustrated by the phi ratio spiral diagram. The names of the Stars connote the significance of their meaning as part of the celestial storyline being displayed in 'silence' across the Ecliptic. This is part of the Silent Witness to the Plan of Redemption set forth in Christ by YHVH, the Creator of the Cosmos and all that was, is and will be.

The Sign of Virgo is the 1st 'House' or 'Chamber' of the Mazzaroth or Zodiac. The Sun appears to run its course along the line called the Ecliptic. The approximately sends 1 month in each of the 12 Signs that mirrors a 'clock' of 12 hours. Around September to October of each year, the Sun traverses through Virgo. Due to the cycles of the moon, an approximation of the book of Revelation 12 is depicted. What the Great Sign configures on September 23, 2017 is the uniqueness of having Jupiter, as the Planet of the Messiah and thus the metaphorical Manchild possibly correlate to a type of a rapture. The depiction is not insinuating that the 'Rapture' of the Bride of Christ will occur as this Sign is referenced to a possible
