

## **PRODUCT DATA SHEETS**

### **LUSTRE – AUTOMOTIVE WASH AND SHINE**

#### **DESCRIPTION**

This product is gentle, yet potent, heavy duty liquid concentrate for washing cars, buses, trucks, aircraft and all transportation vehicles. It can be used manually or in automatic systems. It rapidly penetrates and removes complex road soil, leaving the wax coatings unharmed. It eliminates hand matting, scrubbing and wiping. Suspended and dissolved dirt, oil grease and salt are easily flushed and rinsed away.

It will not harm ferrous or non-ferrous metals and can be used on any surface, painted or unpainted. Will not harm rubber, neoprene, chrome, plastic, glass or painted lettering.

It will not harm wax or polish. Its special formulation preserves the plasticizers in vehicle finishes and will not adversely affect wax or synthetic polishes.

#### **FEATURES**

- **LEAVES NO FILM**
- **SHINES WITHOUT WAX**
- **FREE RINSING**
- **HIGH SUDSING**
- **BIODEGRADABLE**
- **NON-STREAKING**
- **NON-HAZARDOUS**

#### **USE AND DIRECTIONS**

Dilute as little as ¼ oz. per gallon up to 1 oz. per gallon of water, depending on equipment being used and degree of soil.

For semi-automatic and hand systems place in bucket or drum first then add water under pressure. In automatic systems, use ½ to ¾ oz. per gallon of water.

Ideal for fast, efficient washing with hose-end sprayer.
