

River Falls Public Library

Children's Room Guidelines

Parents:

Guidelines for behavior in the children's library.

1. Remind your children that this is the library, not the playground. Running, jumping, shouting, playing hide & seek is not permitted.
2. Teach your child to use a quiet voice in the library. This is a courtesy to other customers.
3. All furnishings (bean bags, rockers, stuffed toys, etc.) should be treated respectfully and used for their intended purpose.
4. The stuffed toys on top of the shelves are for display only. There are book and puppet sets that children are welcome to play with and check out.
5. Children are encouraged to browse the shelves as they make their selections. Any books they do not want should be put on the red shelving cart or left on the tables.
6. Young children should not be left alone in the children's library for any reason.

Thanks!
