**Israelite Men's Association
Youth Leadership Council
Buna Ben Yosef
Fall 2019**

The purpose of the IMA youth leadership council is to build and develop character, self-esteem, and leadership ability among Israelite youth between the age of 14-22 years of age. These young men represent the future course of the Israelite community. Unless we nurture them to become responsible representatives our nation will die a slow and painful death. There are enormous sources of distraction and temptations in the world at large and if we are not diligent in our teachings our youth will be swayed to pursue unrighteous acts that will ultimately take them away from Torah and down a path of self- destruction. Therefore it is the mission of IMA to design and implement initiatives, programs and projects that will strengthen our young men to carry out this great work that the Creator has placed in our hand. The formation of the youth leadership council is an initial step in that direction. In the coming months and with the Creators permission the Israelite community will begin to see our young men take on the mantle of leadership under the guidance of IMA governing body. The official kick- off, and installation of officers, will take place during our 6th annual IMA retreat in April 2020. The voices of these young men will have direct input into the overall decision-making and operational objectives of the IMA. Let us pray for Hashem's guidance and continued blessings as we seek to uplift our people and impart on a new chapter in the growth and direction of the IMA.
