

BIOGRAPHY

Professional HOA Consultants, Inc. is proud to introduce **Joseph Apparito** as a member of our team. His cheerful, friendly, empathetic, “getting the job done” attitude reflects our company’s mission to serve your community with urgency, courtesy and professionalism.

A San Diego resident since the age of seven and a current resident of La Mesa, Joseph has over 10 years of experience in community management.

Prior to entering the Community Management field, Joseph was a Grocery Manager for Vons and he also comes to us with experience in tax preparation.

Joseph got a taste for Community Association Management when he volunteered as a committee member for the homeowners association where he lived. Working with his Community Association Manager, Joseph discovered that he was interested in exploring Community Association Management as a career. He began his career in Community Association Management in 2004, at first working closely with experienced managers on extensive portfolios, attending Board Meetings and walk-throughs. Joseph has since become a well-respected Community Association Manager of a full portfolio of properties and has earned his CCAM designation.

Joseph G. Apparito, CCAM

Senior Community Association Manager
