### Scanning Highlights

- Scan color documents at up to 600 x 600 dpi. Scan two-sided documents at up to 32 images-per-minute using the patented duplexing automatic document feeder (DADF).
- ScanTag® enables users to maximize their document management investments by enabling the decentralized capture and indexing of documents into a variety of document management systems.
- ScanTag® is certified with the following document management solutions
- DirectScan™ enables users to directly scan documents into PC folders without having to install any additional hardware or software connectors.
- Scan documents directly to e-mail addresses. Use the QWERTY keypad to create a custom attachment name (document being scanned) or to add processing instructions to an outbound e-mail.
- Integrated address book can store up to 1,000 contacts, each containing a fax number, e-mail address and group locations. Mixed broadcasting (fax/e-mail) is supported.
- Scan documents directly to a USB flash drive.

### Printing Highlights

- Deliver single-sided output at 37 pages-per-minute, or duplex output at 10 pages-per-minute.
- Secure printing suppresses print jobs until a password has been entered on the control panel.
- Standard PCL 5e / XL printing support (Windows, Linux, UNIX, AS/400, SAP and more)
- Optional PostScript3, Direct PDF and barcode printing support (supports UPC/EAN, Interleave 25, Code 39, Code 126, PostNet and more).

### Copying Highlights

- Legal-size platen glass captures multipart forms, carbon papers, plastic identification cards and more.
- Card copy mode allows for the seamless copying of two-sided driver's licenses and/or insurance cards.
- 5 second first-copy-out-time (FCOT) and 12 second warm-up time.

### Faxing Highlights

- Route inbound fax documents to another fax location, e-mail address or PC folder.
- The optional e-mail gateway feature enables users to send documents from the MFX-3530 through a network fax server.
- Send documents directly from PC applications using the simple PC fax driver.
- System administrators can automatically archive all inbound and outbound communications, including both fax and e-mail transmissions, to create an audit trail of usage.

### Additional Highlights

- "My MFP" mode enables each user to access commonly used features on a single screen, regardless of which mode the feature is located in.
- Standard 500-sheet paper cassette (letter/legal). Up to (3) 500-sheet cassettes can be added to achieve the maximum paper capacity of 2,100-sheets.
- 100-sheet multipurpose bypass tray is the perfect solution for printing envelopes, labels and more (20-43 lb)
- The optional 2-bin output tray can physically separate copy, fax or print jobs to create a distribution-ready stack of documents.
- 5.8" touch screen simplifies user operation and job execution.
