Content:

This is something we wanted to do for a long time and Barry Stone has made it happen!

Want to know more about landscape irrigation come to our hands on class where you can...talk with the pros from Irri Plus, Ipex and Rain Bird who will spend 8 hours covering all the topics below plus answer your questions

- turn on various sprinklers and see the difference
- experiment with nozzles to determine proper sizing
- understand the logic behind water hydraulics
- learn how to determine which components are faulty and how to replace them
- learn the difference between voltage/ohms/amps
- practice your testing skills
- correct technique for solvent welding pvc pipe
- proper insert points on poly pipe
- finally design and build your own system

- Landscape Industry Certifications CECs available at 1 per hour
- 4 PHA IPM CEU's available
