

Q & A for Teachers

Q: Do you have a Teacher's Edition/s?

A: Yes, they have:

- (1) Detailed lesson plans;
- (2) Are age-appropriate in both length and content; and
- (3) Include individual assessments!

Q: How much are they?

A: They retail for \$14.75 - for an e-book, but are included with a classroom purchase (q=20) of the Student Editions (discounts also apply there - see next question below).

Q: Are there Educator/Volume Discounts?

A: Yes - we offer both types of discounts: the retail prices of the Student Editions (TAB, FRB & TPRB) are \$11.75, reduced to \$7* for educators purchasing two or more. And, yes - there are further volume discounts**, depending on how many classrooms are purchased. *plus shipping

**Further volume discounts: if you order 20 (=1 classroom) there is an additional 7% off of the already discounted \$7.00 rate. And, for each additional classroom (20) ordered the discount rate increases by 1%. For example: 2 classrooms (40-quantity) will = 8% discount off of the \$7 rate; 3 classrooms (60-quantity) will = 9% discount; this continues to a maximum 15% discount (which is 9 classrooms).
