

AIDS Run & Walk Chicago 2017

Just a quick update. We are so excited to announce that the date has been extended to donate to the AIDS Run & Walk Chicago 2017! Donations will be accepted until November 15th.

WHY IT'S IMPORTANT TO GIVE

Your donation benefits our clients. Men & Women in Prison Ministries aims to reduce the transmission of HIV & other Communicable diseases in county jails, state prisons, & federal prisons. Your donations will help our HIV Corrections Case Manager and our Harm Reduction in Prison Coalition to achieve these goals through promoting awareness, testing, and treatment of HIV and other communicable diseases for people in jail and prison.

We stand behind our motto that “good prison health is good community health”.

We are very close to our goal and your donation

helps to benefit the work that we do.
