Kimberly Stronach (Kimmie) passed away from depression and suicide on November 14th 2016. The family chooses to reveal this truth and bring awareness to it in the hopes that others will chose to live.

Suicide is the 10th leading cause of death in the US. Each year 44,193 Americans die by suicide, for every suicide there are 25 attempts. Last year 494,169 people were hospitalized for injuries due to self-harm.

We want people that are suffering from any form of Depressive Disorder to please reach out for help and if you know someone suffering please don't let your friends fight alone; be willing to help prevent suicide. Have the courage to get help for your loved one.
