1. INCORPORATION AND NATURE OF OPERATIONS

Spackman Equities Group Inc. (the "Company" or "SEGI") was incorporated on May 18, 2006 under the Canada Business Corporations Act. The registered head office is located at Royal Bank Plaza, South Tower, Suite 3800, 200 Bay Street, Toronto, Ontario, M5J 2Z4, Canada.

SEGI carries on the business of identifying and investing into or acquiring small/medium sized growth companies. The Company focuses on investing into or acquiring growth companies in Asia, principally in the Republic of Korea ("Korea") at attractive valuations, building a diversified portfolio of such growth companies and, ultimately, delivering the collective value derived from the performance of these businesses to the shareholders.

2. BASIS OF PRESENTATION

Statement of compliance

The unaudited consolidated financial statements have been prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34"), as issued by the International Accounting Standards Board ("IASB") and therefore, do not contain all disclosures required by International Financial Report Standards ("IFRS") for annual financial statements. Accordingly, these unaudited consolidated financial statements should be read in conjunction with the Company's most recently prepared audited annual financial statements for the fiscal year ended December 31, 2016.

The policies applied in these unaudited consolidated financial statements are consistent with the policies disclosed in Notes 2 and 3 of the audited annual financial statements for the year ended December 31, 2016.

The unaudited consolidated financial statements were authorized for issue by the Board of Directors on August 25, 2017.

Basis measurement and functional currency

The unaudited consolidated financial statements are presented in Canadian dollars and have been prepared on the historical cost basis except for financial instruments measured at fair value through profit or loss. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The Company and its subsidiary's functional currency is the Canadian dollar.

Investment entity

The Company has multiple unrelated investors and holds multiple investments. The Company has been deemed to meet the definition of an investment entity per IFRS 10, Consolidated Financial Statements, as the following conditions exist:

- The Company has obtained funds for the purpose of providing investors with professional investment management services.
- The Company's business purpose, which was communicated directly to investors, is investing for the purpose of capital appreciation and investment income.
- The investments are measured and evaluated on a fair value basis.

2. BASIS OF PRESENTATION (Cont'd)

Basis of consolidation

These unaudited consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, SEGI Investments Limited, a BVI company. A subsidiary is an entity in which the Company has control, directly or indirectly, where control is determined based on whether the company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. A subsidiary which qualifies for the exception to consolidation under IFRS 10 is accounted for as investment in shares of public company.

Critical accounting estimates, judgment and assumptions

Adoption of New Accounting Policies

Effective January 1, 2014, the Company adopted the Investment Entity Amendment to IFRS 10, Consolidated Financial Statements and has determined that it meets the definition of an "investment entity". As a result, it measures subsidiaries, other than those that provide investment-related services to the Company, at fair value through profit or loss. Subsidiaries which provide such investment-related services to the Company are consolidated.

An investment entity is an entity that obtains funds from one or more investors for the purpose of providing them with investment management services, commits to its investors that its business purpose is to invest funds solely for returns from capital appreciation, investment income, or both, and measures and evaluates the performance of substantially all of its investments on a fair value basis.

Recent Accounting Pronouncements

Certain pronouncements were issued by the IASB or the IFRIC that are mandatory for accounting periods after March 31, 2017 or later periods. Many are not applicable or do not have a significant impact to the Company and have been excluded from the table below. The following has not yet been adopted and is being evaluated to determine the impact on the Company.

(i) IFRS 9, Financial Instruments ("IFRS 9") was issued by the IASB in November 2009 with additions in October 2010 and May 2013 and will replace IAS 39 Financial Instruments: Recognition and Measurement ("IAS 39"). IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the multiple rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. Most of the requirements in IAS 39 for classification and measurement of financial liabilities were carried forward unchanged to IFRS 9, except that an entity choosing to measure a financial liability at fair value will present the portion of any change in its fair value due to changes in the entity's own credit risk in other comprehensive income, rather than within profit or loss. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39. IFRS 9 is effective for annual periods beginning on or after January 1, 2018. Earlier adoption is permitted.

(Expressed in Canadian Dollars)

2. BASIS OF PRESENTATION (Cont'd)

Recent Accounting Pronouncements (Cont'd)

(ii) On January 13, 2016 the IASB issued IFRS 16, "Leases". The new standard is effective for annual periods beginning on or after January 1, 2019. Earlier application is permitted for entities that apply IFRS 15, "Revenue from contracts with customers" at or before the date of initial adoption of IFRS 16. IFRS 16 will replace IAS 17, "Leases". This standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognize a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. This standard substantially carries forward the lessor accounting requirements of IAS 17, while requiring enhanced disclosures to be provided by lessors Other areas of the lease accounting model have been impacted, including the definition of a lease. Transitional provisions have been provided. The extent of the impact of adoption of this standard has not yet been determined.

3. CASH AND CASH EQUIVALENTS

The Company's cash and cash equivalents consist of the following:

	June 30, 2017	December 31, 2016
Cash held in banks	**$ 218,481**	$ 102,649

	June 30, 2017	December 31, 2016
Spackman Entertainment Group Limited (SEGL)	**$ 18,640,481**	$ 27,553,284

The Company owns 32.85% (December 31, 2016 - 38.77%) of SEGL, and based on the June 30, 2017 closing price of SEGL's shares of S$0.13 (CAD $0.12 per share), the market value of the Company's stake in SEGL is SGD $19.8million (CAD $18.6 million).

6. INVESTMENT IN PRIVATE COMPANY

The Company has historically made investments in private companies through equity and debt investments. Due to the uncertainty surrounding these investments, the Company historically wrote down these investments to a nominal amount. The Company considers these investments still impaired during the current period. No new investments were made during the period ended June 30, 2017.

(c) Stock options

The Company has an incentive stock option plan for the officers and directors enabling them to purchase common shares. Each option granted under the plan is for a maximum term of 5 years. The exercise price is determined by the Company's board of directors at the time the option is granted, subject to regulatory approval, and may not be less than the most recent closing price of the common shares at the date of grant. Vesting provisions are also determined at the time of grant by the Company's board of directors.

The stock options activity is as follows:

	June 30, 2017		December 31, 2016	
	Number of Options	**Weighted Average Exercise Price**	Number of Options	Weighted Average Exercise Price

(Expressed in Canadian Dollars)

10. RELATED PARTY TRANSACTIONS

The following related party transactions occurred and were reflected in the consolidated financial statements during the periods ended June 30, 2017 and 2016 as follows:

REMUNERATION OF KEY PERSONNEL

	Three Months June 30,		Six Months June 30,	
	2017	2016	**2017**	2016
Salaries	$ 61,567	$ 62,392	$ 177,745	$ 131,467
Total	$ 61,567	$ 62,392	$ 177,745	$ 131,467

Key management personnel are those individuals having authority and responsibility for planning, directing and controlling the activities of the Company and its subsidiary including the Company's Board of Directors. The Company considers key management to be the members of the Board of Directors and the Chief Executive Officer.

During the three month period ended June 30, 2017, the Company received $36,752 (June 30, 2016 - $35,092) in rental payments from SEGL which has a common director. The rental payments were a reimbursement of expenes and have been netted off rent expense within the general and administrative expenses grouping.

Included in prepaid expenses are salaries of $106,955 (December 31, 2016 - $Nil) paid to the CEO of the Company.

11. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Company's significant financial instruments comprise of cash and cash equivalents, marketable securities, other receivables, investments in shares of private and public companies, notes receivable and accounts payable and accrued liabilities.

The Company classifies financial instruments in accordance with a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability;

Level 3 Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (supported by little or no market activity).

The determination of what constitutes observable data, requires significant judgement by the Company. The Company considers observable data to be market data that is readily available, reliable, verifiable and provided from independent transactions.

11. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (Cont'd)

Risk management

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company has exposure to the following risks from its use of financial instruments:

(a) Market risk

Market risk is the risk that the fair value of, or future cash flows from, the Company's financial instruments will significantly fluctuate due to changes in market prices. The value of the financial instruments can be affected by changes in interest rates, foreign exchange rates, and equity prices. The Company is exposed to market risk in trading its investments, and unfavourable market conditions could result in dispositions of investments at less than favourable prices.

The Company's investments in marketable securities at FVTPL are valued at fair value as determined by price quotations by the stock exchanges on which these investments are listed. The Company's investments in non-publicly-traded investments available-for-sale are measured at cost and are written down when there is an objective evidence of impairment. During periods of significant broader market volatility or volatility experienced by the commodity markets, the value of the Company's investment portfolio can be quite vulnerable to market fluctuations.

(b) Credit risk

Credit risk is attributable to cash and cash equivalents and other receivable. The Company's other receivables are current and cash and cash equivalents are held with reputable financial institutions. The carrying value of other receivables and cash and cash equivalents represents the Company's maximum exposure to credit risk.

(c) Liquidity risk

Liquidity risk is the risk that the Company is not able to meet its financial obligations as they become due. The Company ensures that there is sufficient capital in order to meet short-term business requirements, after taking into account cash flows from operations and the Company's holdings of cash and cash equivalents. The Company's cash and cash equivalents are available within one year or are available on demand. There are adequate resources to meet any obligations as they fall due and mature within a year.

The Company's Board of Directors reviews and approves any material transactions out of the ordinary course of business including acquisitions or other major investments. Management believes that the risk associated with liquidity is low.

11. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (Cont'd)

Risk management (Cont'd)

(d) Foreign exchange risk

Foreign currency exchange risk is the risk that the fair value of, or future cash flows from, the Company's financial instruments will fluctuate as a result of changes in foreign exchange rates. The Company currently has financial instruments denominated in U.S. dollars, Singapore dollars and Hong Kong dollars.

(e) Concentration risk

The Company is exposed to the possible risk inherent in the concentration of the investment portfolio in a small number of industries or investment sectors. As at June 30, 2017 and 2016, the percentages of the Company's investment in each industry sector were as follows:

	As a % of Total Investments	
Sector	**June 30, 2017**	June 30, 2016
Media / Entertainment	99.9	99.4
Other	0.1	0.6
Total	100.0	100.0

12. COMMITMENTS

The Company has entered into an operating lease agreement for its business premises in Hong Kong with rental payments of HK$116,280, or $19,767 per month. The lease will expire on November 15, 2018 subject to renewal. In addition to the monthly rental payment, the Company is responsible for the proportionate share of common area costs and property taxes.

The Company has an employment agreement whereby the CEO will be entitled to compensation in the amount of 15% of the investment proceeds from the disposition of the Company's investments. In the first quarter of 2017 the CEO was paid $53,017 representing 15% of the profit of $353,447 made by the Corporation on the sale of 2,500,000 shares of SEGL in the period.

13. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform to the current period's presentation. These reclassifications did not affect prior period's net losses.

14. SUBSEQUENT EVENT

On August 9, 2017 the Company borrowed USD $400,000 from an unrelated third party, on an unsecured basis for a term of one (1) year at an interest rate of 5% per annum and immediately thereafter the Company purchased 130,000 common voting shares of Spackman Media Group Limited (SMGL) for USD $390,000, or USD $3.00 per share, from an unrelated substantial shareholder of SMGL.
