

Hi Friends,

My name is Dante and I am a coach at Jump! North. I'm really pumped to be a part of the team and I'm so excited to meet everyone and have some fun experiences! I am about to start my senior year of high school at Anderson High School. I've lived in Texas my whole life and I'm a self-taught gymnast, although I did take recreational gymnastics classes when I was a kid. I've been working with kids for the past few years and I'm so excited to see everyone have fun while still learning how to do cool new skills! I have two cats named George and Cinderella and I like all types of ice cream and cake. I'm so excited to be a part of the team and share my skill set with the kids as well as help them grow their own. Can't wait!
