## ***You, our LGBT community, have been marked for death.***

Many of our fellow citizens are blissfully unaware that the West is engaged in a life-or-death struggle with Islam that has been raging since the 7th century - the time of its founder, Muhammad. This war has escalated dramatically in recent years, and is now raging out of control everywhere. We are in the throes of the **Third Great Jihad**.<sup>1</sup> Islam has taken the place of our erstwhile foes, Nazism and Communism. And this may shock you, but the facts bear it out: Islam is *far more dangerous than Nazism or Communism ever were*.<sup>2</sup> Folks, **welcome to World War III**.<sup>3,4</sup>

***One of Islam's prime targets in this war is the world's LGBT community.*** Here we provide answers to the ***why, what, who, where, and how of this mortal threat.***

### ***1. Why is Islam LGBT's Mortal Enemy?***

All practicing Muslims are compelled to obey Islamic (Sharia) law, which Islam is working round the clock to impose on the entire world. ***According to Sharia law, the LGBTs of the world must be exterminated.*** The recent massacre, by an Islamic jihadist at Orlando's Pulse nightclub, by far the worst act of violent homophobia in our nation's history,<sup>5,6</sup> is a glaring example of this ***Sharia law in action.***

---

<sup>1</sup> The **First Great Jihad**, which commenced with the advent of Islam in the 7th century AD, was a veritable *blitzkrieg* that resulted in the conquest for Islam of lands stretching from the borders of China and India, across Central Asia, the Middle East, North Africa, Sicily, and the Iberian Peninsula, to the Pyrenees. This early Muslim expansion was finally brought to a halt at the Battle of Tours (Poitiers) in France in 732, and the subsequent expulsion of the Muslims from Spain in 1492. The **Second Great Jihad** began with the rise of the Ottoman Empire, beginning in 1299; it began to decline at the Gates of Vienna in 1683, and was finally dissolved in 1923. The **Third Great Jihad** took off in the early 20th century, with the advent of Wahhabi Islam and the establishment of the Muslim Brotherhood, and has dangerously accelerated due to the discovery of oil in the Middle East, the development of weapons of mass destruction, the Internet, and the world-wide trend toward Leftism.

<sup>2</sup> Compare Islam, for example, to Nazism: Islam, unlike Nazism, is an ideology *cloaked as a religion*, and is thus far harder to overcome; has 21st century technology at its disposal and has access to nuclear weapons; has manpower that far exceeds what the Nazis had and has sent its fighters into non-Muslim lands all over the world; has the international Left as its ally; openly celebrates rather than conceals its atrocities; is spectacularly brutal in the methods it uses against its foes; has fighters who are happy to die while carrying out their attacks.

This is not the first time that Muslims have targeted gay bars in America, and most certainly not the first time that gays in America have been slaughtered.<sup>7,8,9</sup>

## ***So, what exactly does Sharia law say about homosexuals?***

Here are extracts from ***Reliance of the Traveller***, an English version of the classic 14th century **Sharia manual**, that has been endorsed by scholars of Cairo's al-Azhar University, the seat of Sunni Islamic learning since the tenth century; by the Islamic Society of North America, the leading Muslim Brotherhood entity in the United States, that tells Muslims this book should be in every Muslim home in America; and by other influential Islamic governments and commentators. Here is its teaching on homosexuality, found in the chapter on "Enormities" — the most grave offenses:

### Sec. p17.0: SODOMY AND LESBIANISM

Sec. p17.1: In more than one place in the Holy Koran, Allah recounts to us the story of Lot's people, and how He destroyed them for their wicked practice. There is consensus among both Muslims and the followers of all other religions that sodomy is an enormity. **It is even viler and uglier than adultery [which is punished brutally, including by death].**

Sec. p17.2: Allah Most High says: "Do you approach the males of humanity, leaving the wives Allah has created for you? But you are a people who transgress" (Koran 26:165-66<sup>10</sup>).

Sec. p17.3: The Prophet (Allah bless him and give him peace) said:

1. **"Kill the one who sodomizes and the one who lets it be done to him."**
2. "May Allah curse him who does what Lot's people did."
3. "Lesbianism by women is adultery between them."

<sup>7</sup> <http://www.clarionproject.org/analysis/muslim-extremist-arrested-murder-gays-seattle#>

<sup>8</sup> <http://www.nytimes.com/1995/01/14/nyregion/man-accused-in-terror-plot-bombed-gay-bar-us-says.html?pagewanted=1?pagewanted=1>

<sup>9</sup> <http://hillbuzz.org/not-the-first-time-muslims-have-targeted-gay-bars-in-america-32548>

<sup>10</sup> Koran 26:165-166 - "Of all the creatures in the world, will ye approach males, "And leave those whom Allah has created for you to be your mates? Nay, ye are a people transgressing"

## ***On what is this Sharia law based?***

Interestingly, although the Koran condemns homosexuals,<sup>11</sup> it offers no penalty for the crime. **However, the Hadith (traditions of Mohammed) calls for a death sentence.**<sup>12</sup>

Abu Dawud (4462, repeated in 4447) - The Messenger of Allah (peace and blessings of Allah be upon him) said, "Whoever you find doing the action of the people of Lot, **execute the one who does it and the one to whom it is done.**"

Abu Dawud (4448) - "If a man who is not married is seized committing **sodomy**, he will be **stoned to death.**" [Note the implicit approval of sodomizing one's wife].

al-Tirmidhi, Sunan 1:152 - [Muhammad said] "Whoever is found conducting himself in the manner of the people of Lot, **kill the doer and the receiver.**"

There are several lesser hadith stating, "if a man comes upon a man, then they are both adulterers," "If a woman comes upon a woman, they are both Adulteresses," "When a man mounts another man, the throne of God shakes," and "**Kill the one that is doing it and also kill the one that it is being done to.**"

Now some may ask, ***surely only a tiny percentage of Muslims actually believe that Sharia law should be enforced, right?*** Well, sadly, the facts tell us otherwise:

**According to Pew, 15% or more of adults in U.S.-allied Turkey, Jordan and Egypt believe suicide bombings are sometimes or often justified.**

Pew also finds that over 80% of Muslims in Pakistan and Egypt favor stoning and amputations as punishments for adultery and theft.<sup>13</sup>

Polling data reveal that an ominous, **growing proportion of American Muslims wish to impose Sharia on America:**

<sup>11</sup> See Koran 4:16; 7:80-84 (repeated in 15:74, 27:58 and 29:40); 7:81.

<sup>12</sup> The Hadiths are scripture every bit as valid as the Koran. This is because they record the sayings and deeds of Muhammad, considered by Muslims to be the epitome of a perfect man, and therefore worthy of emulation. *Reliance of the Traveller* (r14.3) stresses the tremendous importance of Hadith commentaries.

<sup>13</sup> <http://www.truthrevolt.org/news/franklin-graham-over-100000-muslim-americans-approve-jihad>

In June of 2015, data from a survey of 600 U.S. Muslims conducted by the respected political pollster Kellyanne Conway revealed: <sup>14</sup>

**51% ... agreed that Muslims in America should have the choice of being governed according to Sharia.**

Perhaps most frightening, 25% of those polled agreed:

**[V]iolence against Americans here in the United States is justified** as a part of the global jihad.

Seven percent of Muslims in America told Pew researchers that violence against civilians is “sometimes” justified in the name of Islam, and one percent said “often.” This means, considering the number of Muslims living in the US, that **there are more than 100,000 Muslim adults living here who could justify a suicide bombing in the name of Islam.** Happy with that?

*Applying those percentages worldwide, nearly 100 million Muslims have no problem with one of their own running over men, women, and children with a delivery truck. And that's probably a low estimate.*

**And, specifically, Muslim views on homosexuality:**

Between 80-97% of people in Muslim-ruled Middle Eastern countries surveyed by the Pew Research Center believe that Society should not accept homosexuality. Remember, folks, that these are the countries from which our Muslim immigrant population is drawn. <sup>15,16</sup>

And in **America**:

The Pew Research Center's major polling study of American religions in 2014 found that 45 percent of American Muslims thought homosexuality should be accepted and 47 percent *thought it should be discouraged.* <sup>17</sup>

<sup>15</sup> <https://www.theguardian.com/uk-news/2016/apr/11/british-muslims-strong-sense-of-belonging-poll-homosexuality-sharia-law>

<sup>16</sup> <http://www.pewglobal.org/files/2014/05/Pew-Global-Attitudes-Homosexuality-Report-REVISED-MAY-27-2014.pdf>

<sup>17</sup> <https://www.jihadwatch.org/2016/06/orlando-jihadist-attack-highlights-debate-about-acceptance-of-lgbt-people-in-islam>

Sadly, the fairly considerable percentage of **Muslims who are likely NOT Sharia enthusiasts don't seem to be too passionate in their opposition to it.** Witness the pathetically small number of these folks who turn out at rallies or demonstrations against Islamic terrorism.<sup>18</sup> Whether this is due to fear of "coming out" or lack of commitment, this does not bode well for the counter-Jihad movement.

**Poor Muslims, so conflicted and in denial!** As veterans of the Afghan wars know, homosexuality is not unusual among our allies and enemies alike. A declassified 2010 Pentagon study indicates that "Pashtun men commonly have sex with other men...have sexual relationships with boys and shun women both socially and sexually – yet they completely reject the label of 'homosexual.'" To be clear, jihadists do not necessarily hate homosexual acts (prohibited in the Koran). They hate "gays." They may oppose the act, but they especially detest the "sinner" who makes the act his identity, rather than hiding and denying what most of the Muslim world tolerates as a common, if temporary, deviation. To jihadist eyes, "gays" celebrate openly, in a very American fashion, what should be hidden.<sup>19</sup>

Do we detect a whiff of **hypocrisy** here? Read about Islam's centuries-long love-hate relationship with homosexuality.<sup>20</sup>

Conflict or not, the imposition of the **death penalty for homosexuals dates back to Islam's earliest years.** Mohammed's first successor Abu Bakr reportedly had a homosexual burned at the stake. The fourth caliph, Mohammed's son-in-law Ali, ordered a sodomite thrown from the minaret of a mosque. Others he ordered to be stoned. One of the earliest and most authoritative commentators on the Koran, Ibn 'Abbas (died 687) blended both approaches into a two-step execution in which "the sodomite should be thrown from the highest building in the town and then stoned."<sup>21</sup>

Regardless of how many Muslims subscribe to Sharia law or are conflicted about it, the fact remains that ***Imams and Muslim leaders the world over and not just in Muslim-ruled countries preach death for gays***, based on their undying allegiance to what they firmly and justifiably believe to be the eternal truth of the Islamic scriptures.

First, the **top clerics in the Muslim world**, preach it. For example:

<sup>20</sup> <http://archive.frontpagemag.com/Printable.aspx?ArtId=20145>

<sup>21</sup> Ibid.

- Egypt's Sheikh **Yusuf al-Qaradawi**, probably Sunni Islam's most influential living Sharia jurist.<sup>22</sup>
- Since the American invasion of Iraq in 2003, there has been no shortage of praise for **Ayatollah Ali Sistani**, whom the Bush administration frequently lauded as a “moderate” and a supporter of “democracy.” When asked, “What is [Islam's] judgment on sodomy and lesbianism?” Sistani replied: “Forbidden. Those involved in the act should be punished. In fact, sodomites should be killed in the worst manner possible.”<sup>23</sup>

**And outside the Islamic world:** For example, preaching of the death penalty for homosexuals from Islamic notables has been reported in Hungary,<sup>24</sup> Kenya,<sup>25</sup> Norway,<sup>26</sup> Sweden,<sup>27</sup> the UK,<sup>28,29</sup> and the USA.<sup>30</sup> As if this isn't enough, that homosexuality is punishable by death is also taught in *Western* schools, e.g. in Canada.<sup>31</sup> All of this, of course, leads to **very serious consequences for homosexuals everywhere**, as we document below.

## 2. Where and How is Islamic Persecution of Homosexuals Happening?

**Ilga** is the largest LGBT entity in the world. They have published interactive maps exposing the attitudes of the **Muslim world** to gays.<sup>32</sup>

Predictably, extreme forms of **harassment and physical assaults of gays** take place, not only in the Muslim world, but in countries outside it such as Australia,<sup>33</sup> Belgium,<sup>34</sup> France,<sup>35</sup> Ghana,<sup>36</sup> Israel,<sup>37</sup> Sweden,<sup>38</sup> Uganda,<sup>39</sup> the UK,<sup>40,41,42,43,44,45</sup> and the USA.<sup>46,47,48</sup>

## Execution is the penalty where Sharia law is in effect:

Here are ten places in the world that can put people to death for being gay, as compiled by the *Washington Post*:<sup>49</sup>

**Yemen:** According to 1994 penal code, married men can be sentenced to death by **stoning** for homosexual intercourse. Unmarried men face whipping or one year in prison. Women face up to seven years in prison.

**Iran:** In accordance with Sharia law, homosexual intercourse between men can be punished by death, and men can be flogged for lesser acts such as kissing. Women may be flogged. Gays in Iran are typically executed by being **hanged from cranes**.<sup>50</sup>

**Iraq:** The penal code does not expressly prohibit homosexual acts, but people have been killed by militias and sentenced to death by judges citing Sharia law.<sup>51,52</sup> Homosexuals may be **shot, stoned, or beaten to death**.<sup>53,54</sup> They may also have their rectums glued shut and be force-fed laxatives until their insides explode.<sup>55</sup>

**Mauritania:** Muslim men engaging in homosexual sex can be **stoned to death**, according to a 1984 law. Women face prison.

**Nigeria:** Federal law classifies homosexual behavior as a felony punishable by imprisonment, but several states have adopted Sharia law and imposed a death penalty for men. A law signed in early January makes it illegal for gay people countrywide to hold a meeting or form clubs.

**Qatar:** Sharia law in Qatar applies only to Muslims, who can be put to death for extramarital sex, regardless of sexual orientation.

**Saudi Arabia:** Under the country's interpretation of sharia law, a married man engaging in sodomy or any non-Muslim who commits sodomy with a Muslim can be **stoned to death**. All sex outside of marriage is illegal.

**Somalia:** The penal code stipulates prison, but in some southern regions, Islamic courts have imposed Sharia law and the death penalty.

**Sudan:** Three-time offenders under the sodomy law can be put to death; first and second convictions result in flogging and imprisonment. Southern parts of the country have adopted more lenient laws.

**United Arab Emirates:** Lawyers in the country and other experts disagree on whether federal law prescribes the death penalty for consensual homosexual sex or only for rape. In a recent Amnesty International report, the organization said it was not aware of any death sentences for homosexual acts. All sexual acts outside of marriage are banned.

To the list above we would add:

**The Islamic State ("ISIS")**, where gays are thrown from rooftops.<sup>56,57</sup>

Also, until recently, and likely again in the future, **Afghanistan**, where homosexuals have been executed by having a **stone wall toppled on them**.<sup>58</sup>

And is **Kuwait** aspiring to do so? In April 2005, a Kuwaiti cleric said that homosexuals should be **thrown off a mountain or stoned to death**.<sup>59</sup>

And what about **Pakistan**, another Islamic country? Here, gays have been tortured and shot.<sup>60</sup>

<sup>59</sup> <http://www.memritv.org/Transcript.asp?P1=674>

And ***outside the Islamic world***, practitioners of Sharia are finding creative ways to kill gays: In **Sweden**, Muslim migrants **battered a gay man to death and wrapped a snake around his neck.**<sup>61</sup>

And will this be **America's** fate in the future? A "moderate" American Muslim Imam who is a role model for Muslim youth around the world believes that **chopping gays' heads off** is the easiest solution.<sup>62</sup>

### **3. But What About Moderate Muslims?**

***Moderate Muslims? Ain't no such animal.***

The reasoning is straightforward. ***There is no "moderate" version of Islam***, therefore there cannot be moderate Muslims. All mosques the world over use the same core Islamic scriptures, believed to have come directly from Allah, and no Muslim will dare tamper with them. Islam cannot be reformed. *How do you reform a Koran that is complete, perfect, universal and eternal?*

The real dichotomy in the Muslim world is between **practicing and non-practicing (secular) Muslims**. Practicing Muslims are expected to adhere very strictly to Islamic law, and you all know what *that* means for homosexuals.

**So, Can't You Trust Your Muslims Friends? The simple answer is "NO!"**

**Sadly, secular Muslims also pose a problem for the LGBT community (as for the rest of us).** There is no foolproof way of distinguishing between *genuinely* secular Muslims and practicing Muslims who simply appear to be secular. ***Muslims are masters of deception*** - no surprise, given the Islamic Doctrines of Deception that lie at the heart of Islam, and which explain why **Stealth Jihad** has been so remarkably successful in America and elsewhere.

So, while on the surface your Muslim friends may look and act like regular Americans, **they can never be fully trusted.** How often have we heard friends and neighbors of

the Muslim terrorist say, following an attack on our soil, "But he seemed like such a nice guy!" <sup>63,64,65,66</sup>

**So-called "moderate" Muslims support what Sharia law dictates for gays.** The sad truth is that those Muslims who present themselves as "moderates" or who are perceived as "moderates" by non-Muslims quite openly proclaim that they agree with it. Examples are not hard to find. <sup>67,68,69,70</sup>

So, whom **should** you trust? This brings us to our last two questions. First:

## **4. Aren't the Left and the Democrat Party LGBT's ALLIES?**

We have already shown that **Islam is your number one enemy**. *Now, who are Islam's greatest apologists and enablers?* Here is a list of **people and bodies that you should strenuously avoid**:

## 1. The World-wide Leftist Movement

Conservative writer, commentator and talk-show host Dennis Prager offers an explanation of the Left's apparently paradoxical support and promotion of Islam: <sup>71</sup>

"America represents the last great holdout against Leftism in the non-Muslim world. In this sense America represents the same thing to the Leftist as it does to the Islamist: the greatest barrier to its success. Islam and the Left are ideological enemies, but as long as America is strong and neither Muslim nor Leftist, both fundamentalist Islam and the Left are allied in one way - anti-Americanism.....That is why the Left around the world runs interference on behalf of Islamists."....."Though a vigorous Islam is no friend of the Left, the Left (correctly) feels much more threatened at this time by Americanism than by Islamism."

[By Americanism, Prager means the values proclaimed on every American coin: "Liberty," "In God We Trust," "E Pluribus Unum."] <sup>72</sup>

So-called "progressives" are frightened to criticize Islam for fear of being labeled politically incorrect or racist (despite the fact that Islam is not a race). The sad fact is that **Leftists would rather justify and act as apologists for a religion that openly encourages the slaughter of homosexuals than stand up and defend the lives of gay people.**

Curiously, the organizations that fight for gay rights have been mostly silent about the dangers Islamic supremacism poses to their constituency. Why don't gays/liberals have a problem with Islam? <sup>73,74</sup>

The response to Orlando from gay rights groups and their sympathizers has been tepid and confused. **GLAAD** called the attack a "tragedy" but made no reference to the ideology behind it. The **ACLU** called it "a horrific event" and oddly ends its statement by expressing "solidarity with the Muslim community here in Florida and elsewhere" – as though Omar Mateen had targeted and killed Muslims. <sup>75</sup>

## 2. The Leftist Enablers of Islam in America

- **The Democrat Party**

**President Obama** refuses to name Islam in any shape or form as our enemy. His persistent and stubborn importation of millions of immigrants from Muslim countries into ours constitutes a very real danger to our LGBT community,<sup>76</sup> an effect that will be felt by every generation to come.<sup>77</sup> Contrary to what they may claim, both Obama and **Hillary Clinton** have not supported the more moderate factions in the Muslim world, but have instead bolstered the more radical elements.<sup>78,79</sup> “Obama is an apologist for Islam’s toxic ideology,” says an ex-Muslim who was raped and beaten for being gay.<sup>80</sup>

Hillary Clinton's senior aide, **Huma Abedin**, has strong Muslim Brotherhood ties.<sup>81</sup> The **Clinton Foundation** is taking huge sums of money from repressive Islamic states, in the process dangerously augmenting their influence in America.<sup>82</sup>

**Hillary Clinton** is in favor of restricting our First Amendment rights by supporting efforts to criminalize criticism of Islam:<sup>83</sup> Through the Organization for Islamic Cooperation's (OIC's) 2005 10-Year Plan of Action and supporting implementation plan, they

stated **their intent to push for the international criminalization of criticism of Islam. Hillary Clinton enthusiastically backed the OIC's push for criminalizing "Islamophobia," with the U.S. co-sponsoring UNHRC Resolution 16/18 with Pakistan on behalf of the OIC** which calls for free-speech restrictions in the name of banning "defamation of religion."

***The election of Hillary Clinton to the Presidency will constitute a mortal threat to the LGBT community in America.***

- **Hollywood and the News Media**

Hollywood and the News Media are accelerating Muslim attacks against homosexuals by their in-your-face portrayals of gays in movies and on television, and by the heavy news coverage of the LGBT community and its activities. The **high profile of LGBTs** that these organizations have caused is now provoking Muslim hatred like never before. And, as the population of unassimilated Muslims grows due to massive increases in Muslim immigration (thanks to the Democrats) and extremely high birth rates, more and more will take up the cause of eliminating gays wherever they can. Of course, the gay clubs are the easiest targets.

**And Hollywood treats Islam with kid gloves.** Where are the Hollywood allies of the LGBT community? With very few exceptions they avoid Islam altogether. True, several made sure that cameras were present when they performed their #BringBackOurGirls routine, and many boycotted the Beverly Hills Hotel when the Sultan of Brunei (its owner) announced that he would henceforth rule his island nation with strict adherence to Sharia. But the attention span of the beautiful people seems short-lived. No one mentions the Chibok schoolgirls or their Boko Haram kidnappers anymore, and while the boycott has ended, the Sultan of Brunei still owns the Beverly Hills Hotel and still rules with Sharia.<sup>84</sup>

- **Social Media**

There are threats to free speech from social media. For example, **Facebook** has been censoring pages that criticize Islam. Facebook banned the page of gay magazine *Gaystream* after the publication wrote an article attacking people for defending the attitudes of Islam towards homosexuals.<sup>85</sup> **Twitter** has also been guilty of bias against views critical of Islam.<sup>86,87</sup>

<sup>86</sup> <http://www.breitbart.com/milo/2016/06/16/thought-alt-right-bad/>

- **Gay Anti-Israel Movements**

For heaven's sake, *don't side with ANTI-ISRAEL forces*: **Israel the only pro-gay country in the Middle East!** It doesn't oppress gays, but allows them to live freely and openly. Those that, sadly, do oppose Israel, include *Queers Against Israel*,<sup>88</sup> *New York City's LGBT Center*,<sup>89</sup> and Canada's *Queers Against Israeli Apartheid*.<sup>90,91</sup>

- **The Muslim Brotherhood and its Affiliates in America**

**Be very wary of CAIR**, an organization that paints itself as a bona-fide advocate for American Muslims, but which, in fact, is a purported terror-supporting entity.<sup>92</sup> If you have studied the material offered here and have begun to effectively push back against supporting Islam as an LGBT group, then you should expect that an "outreach" attempt by CAIR will be forthcoming. They will appear to fawn all over you as if you are suddenly their best friend. However, it is all an act designed to disarm you and stop any negative publicity that you may promote against Islam. They will doubtlessly produce quotes from the Islamic scriptures that, on the surface, appear to support Islam as a "religion of peace," but which on closer examination prove to *indicate exactly the opposite*.<sup>93,94</sup>

<sup>93</sup> Excellent examples of this deceptive approach are provided in our document, *America's Interfaith Dialogue with Muslims: A Guide in Due Diligence* on our website [www.SneakyIslam.com](http://www.SneakyIslam.com). See, especially, the section on *Rebuttal of Assertions* toward the end of this Guide.

<sup>94</sup> There are actually **two Korans, the Meccan and the Medinan**: Muhammad preached the religion of Islam in Mecca for 13 years and gained 150 followers. The Koranic surahs (verses) "revealed" in Mecca have a generally religious tone. Then Muhammad moved to Medina and became a politician and warrior. The Koranic surahs "revealed" in Medina are political in nature and very violent. So there are two Korans - the Meccan Koran and the Medinan Koran. The Medinan Koran **abrogates** the Meccan Koran, a principle conveniently ignored by Muslims when quoting verses from the Meccan Koran in an attempt to prove to the Islam-clueless that the Koran is "peaceful."

## 5. So, Who Must You Support to Keep You From Getting Killed?

### ***Are Conservatives and Republicans really a threat to the LGBT community?***

America's LGBT community has traditionally allied itself with Leftists and Democrats on account of their support for its cause. But, remember that, although Conservatives and Republicans may not always agree with the LGBT lifestyle, ***they are not out to kill you!***

The gay Republican group, the **Log Cabin Republicans**, have denounced their party's staunchly socially conservative 2016 platform, calling it "the most anti-LGBT platform" in the GOP's 162-year history.<sup>95</sup>

Admittedly, the Republican platform may not be as friendly as LGBTs would like, but what does it matter? They have already succeeded in getting the social issues that they have been working on for years driven into the mainstream. ***They have attained the major goal of marriage equality and wider nationwide acceptance of their issues.*** There is now a new (and much more important) battle to be fought and that is **protecting the lives of the LGBT group.**

The Republicans - a less-than-perfect platform notwithstanding - are the most vocal when it comes to exposing and opposing the Islamic Jihad, and they are now your best allies. For starters, contrast the two candidates' stands on the importation of Syrian refugees into America. The differences couldn't be more stark:

DONALD TRUMP'S STAND ON SYRIAN IMMIGRATION <sup>96</sup>	HILLARY CLINTON'S STAND ON SYRIAN IMMIGRATION <sup>97</sup>
<p>" <b>What I won't do is take in 200,000 Syrians who could be ISIS.</b> I have been watching this migration. They're mostly men, and they're strong men. They look like prime-time soldiers. Now, it's probably not true, but where are the women? You see some women. You see some children. But for the most part, I'm looking at these strong men. So, you ask two things. Number one, why aren't they fighting for their country? And, number two, I don't want these people coming over here. Two hundred thousand people? This could be the greatest Trojan horse. This could make the Trojan horse look like peanuts if these people turned out to be a lot of ISIS."</p>	<p>"Look, we're facing the worst refugee crisis since the end of World War II, and I think the United States has to do more, and I would like to see us move from what is a good start with 10,000 to 65,000 and begin immediately to put into place the mechanisms for vetting the people that we would take in,....."</p> <p><b>According to Politifact, a jump to 65,000 would be a 550 percent increase.</b></p> <p><b>Vetting Muslim immigrants is impossible.</b> <sup>98</sup></p>

Only one presidential candidate is being honest about it, which is why, if you are gay, there's really only one choice in this election.

On the final night of the Republican National Convention, **Donald Trump** made history with an explicit **pledge to protect LGBTQ people** during his speech accepting the GOP presidential nomination.

"Only weeks ago, in Orlando, Fla., 49 wonderful Americans were savagely murdered by an Islamic terrorist," Trump said. "This time, the terrorist targeted the LGBTQ community. No good, and we're going to stop it. As your president, I will do everything in my power to protect our LGBTQ citizens from the violence and oppression of a hateful foreign ideology. Believe me."<sup>99</sup>

**Trump's support for the LGBT cause is nothing new:** In 2000, his interview with *Advocate* demonstrate extremely strong pro-gay views. <sup>100</sup>

And, interestingly, Trump's vice-presidential running mate, Governor **Mike Pence** of Indiana, has a strong pro-LGBT record. <sup>101</sup>

Andrew McCarthy <sup>102</sup> outlines the **dangers posed by increasing Muslim immigration**: He argues that, while a categorical ban on Muslim immigration would

be bad policy, our immigration law must distinguish between Islam the religion and Islamism, the Sharia-supremacist political ideology, which tends to grow strong support wherever Muslims form a critical mass. There absolutely should be severe restrictions on immigration from countries, regions, and communities (e.g., in Europe) in which Sharia standards are *de jure* or *de facto* imposed.

The problem with mass immigration from Sharia enclaves is not merely that trained terrorists may infiltrate the immigrant population. It is that Sharia-adherent, assimilation-resistant Muslims will form Sharia enclaves in the U.S., as they have throughout Europe, where young Muslims will be “radicalized” under our noses in the years to come.<sup>103</sup>

The results of Muslim immigration/conquest are indeed devastating:

### ***Ever heard of taysir?***

This Islamic doctrine allows for **insincere conformity**: When Sheikh Yusuf al-Qaradawi, perhaps the most authoritative Muslim voice in Sunni Islam today, calls on Muslims “especially in Europe and America” to practice *taysir*, he is, in essence, calling on them to practice *taqiyya* [sanctioned

deception] — to conform outwardly to Western standards while inwardly maintaining loyalty to Sharia. All Muslims are commanded to “fake assimilation when their numbers are small” and act like they sincerely support the law of the land, while inwardly hating it. As Qaradawi has made clear, to practice *taysir* is not to renounce Sharia’s otherwise harsh obligations; it is to put them on hold till circumstances are more accommodating.

Currently the LGBTs in America outnumber Muslims. The Democrats' policy, since the earliest days of Obama's term, is to bring in hordes of Muslim refugees and, in doing so, to **make Muslims more numerous than the US LGBT community**. This is taking

<sup>102</sup> **Andrew C. McCarthy III** is a prominent advocate, writer, and commentator, best known for leading the 1995 terrorism prosecution against Sheik Omar Abdel Rahman and eleven others. The defendants were convicted of the 1993 World Trade Center bombing and planning a series of attacks against New York City landmarks.

place right under our noses and is accelerating dangerously as Obama's term nears its end.<sup>104,105,106</sup>

Especially disturbing is the fact that, in recent times, 2nd and 3rd generation Muslims in immigrant families have often proved to be **far more pious and therefore more violent than the 1st generation.**<sup>107</sup>

It is worth pointing out that, during the Bush years following 9/11, there were no terror attacks in the US. However, during the Obama years, there has been at least one such attack per year.<sup>108</sup>

***When it comes to deciding whom to support, there are clearly quite a few in the LGBT community who "get it." Who are they?***

First, many well-respected **members of the LGBT community, as well as gay groups, are now abandoning the Democratic Party** completely due to its support of radical Islam over the loyal LGBT community and are **planning to support Republicans like Trump.**<sup>109,110,111,112,113,114</sup> The fact that the Democrat National

Committee's emails recently released by WikiLeaks contained anti-gay slurs has contributed to this trend.<sup>115</sup>

Among the more high-profile members of the LGBT community supporting Trump are

- **Milo Yiannopoulos**

The second night of the **Republican National Convention** saw a **“Gays for Trump” rally** that showcased a series of counter-Jihad speakers who argued that the Republican party is the real friend of the LGBT community. The event’s headliners were conservative gay Breitbart writer Milo Yiannopoulos and famous counter-Jihadists Pam Geller and Geert Wilders, a prominent Dutch politician. Yiannopoulos said the time has come for the LGBT community to separate itself from the progressive movement to take on Islamic extremism. Milo is quite adamant about the importance of gays allying themselves with Conservatives: “The Religious right are not your worst enemies. They don’t want to bake your cakes and will not fly rainbow flags, but they want you alive and free. In fact the religious right can now be seen as allies.”<sup>116</sup>

In the aftermath of a shooting in Orlando at a gay nightclub by a follower of Islamic extremism, Yiannopoulos said while the left once supported gay people, that’s “no longer the case.” “Growing up gay wasn’t that f[\*\*]king bad, let’s be honest,” Yiannopoulos said. “But I still don’t see the reason why the left-wing press mollicoddles and panders to an ideology that wants me dead.”<sup>117</sup>

Milo, in a youtube video, offers a passionate and animated explanation of why gays should support Trump and not Clinton.<sup>118</sup>

- **Bruce Bawer**

Bawer, an iconic gay rights intellectual, has warned of the dangers Islam poses to the West in general and to gay men in particular.<sup>119</sup> Bawer witnessed rapid changes in Dutch and Norwegian society after an expansion of immigration by Muslims in the 1990s. “To them,” he wrote, “the infidel’s ‘law’ is a joke, and values such as pluralism, tolerance, and sexual equality are alien and immoral. They see Western society as the

enemy, European men as wimps, European women as sluts.” But there was a special disdain for gay men, and Bawer documents toleration for them in the heart of liberal Europe “slipping away like sand through the fingers.” Contemplate Bawer’s warnings and consider the crisis Islamic supremacism poses to the health of gay men.

- **Peter Thiel**

Thiel, the openly gay co-founder of PayPal, spoke in support of Trump at the Republican Convention.<sup>120</sup>

**We have shown you that**

- **Islamic (Sharia) law demands the execution of gays**
- **Persecution and killing of gays is taking place all over the world**
- **The Democrat Party is actively promoting the importation of Muslims, among whom are many Sharia law practitioners, into America**
- **The Republican Party wants to stem the tide of unchecked Muslim Immigration into America**
- **It is now clear that Hollywood, the Left, and the Democrat Party have undoubtedly chosen to support Islam at the expense of, and to the detriment of, the LGBT community**

SO, BASED ON WHAT YOU NOW KNOW, WHAT CAN YOU DO RIGHT AWAY TO PROTECT YOURSELF?

1. Support the gun rights lobby. Join the NRA. **Buy one or more firearms** for your protection. Milo Yiannopoulos: " Remember, as the saying goes, 'Armed Gays don't get bashed' " <sup>121</sup>

Days after the deadliest mass shooting in U.S. history at an Orlando nightclub, the National Rifle Association released a video calling on Americans to buy more weapons,

<sup>120</sup> <https://pjmedia.com/diaryofamadvoter/2016/07/21/its-peter-thiels-republican-party-now-or-should-be/>

<sup>121</sup> <http://www.breitbart.com/milo/2016/06/16/heres-everything-wanted-say-islam-yesterday-couldnt/>

with a former Navy SEAL explaining why the AR-15 rifle gives Americans the best chance of survival.<sup>122</sup>

2. Join groups, such as **ACT! for America**, that educate the public about Islam and work to counter its malignant influence, and start a national LGBT campaign to get all mosques in America to confirm your civil rights, etc.

3. Accuse the social media giants of complicit behavior in the deaths of gays. Encourage the LGBT community to start a **nationwide boycott campaign** of Facebook, Twitter, etc until they stop banning free speech on telling the truth about Islam because gay lives are at stake.

4. A.J. Caschetta, *Jihad Watch* contributor, suggests the following measures:<sup>123</sup>

- Seize the Orlando attack and turn it against Islamic supremacists. Hold celebrations of the lives of those killed, [and] ....**concerts and telethons** to benefit their families are natural educational platforms.
- **Call on your Hollywood allies** and take advantage of their access to free publicity and legions of adoring fans." [We would add that Hollywood should be lobbied to show greater awareness of the dire threat that Islam poses to the LGBT community and, indeed, to all Americans.]
- ".....perhaps most important, **find the face of your cause**. Find your Malala. It might be Hussein Sabat, Mr. Gay Syria, whose boyfriend was killed by ISIS three years ago. Sabat now leads the precarious existence of a gay rights activist from his exile in Turkey. His message is a good start: "Everyone is scared of ISIS but it doesn't stop me from living my life. I won't let them be a barrier and I hate them more than I am scared."

5. And this is vitally important: **Make the right decision when you vote, and campaign for others to do so too.**

a) Vote for the party that wants to limit Islamic immigration from countries that stone and kill gays, or

b) Vote for the party that wants to continue to flood America with those same people and refuse to even acknowledge that Islam wants you dead!

---

<sup>122</sup> <http://www.theepochtimes.com/n3/2094181-nra-releases-video-shows-ex-navy-seal-defending-ar-15/>

<sup>123</sup> <https://www.jihadwatch.org/2016/06/why-jihadists-kill-gays>

**Join a Republican Gay group** (there are several, as we have shown.) Lobby the GOP for new laws that strengthen the rules for any additional people that have an automatic hate for gays to be barred from the country. Their thinking is stuck in the 1980's.

6. **Hammer the Democrats** to put a stop to their insane Muslim immigration policy.

7. **Speak openly and often about Islam's total lack of compassion for "the other."** In Islam, if you're not a practicing (Sharia-observant) Muslim, you're an infidel. Islam has a very long history of treating infidels very badly (to say the least). So, remember: There is no Golden Rule in Islam. <sup>124</sup> ***The LGBT people of Orlando know this only too well.***

## Conclusion: A New Paradigm, a New Reality

The entire LGBT community needs to WAKE UP and realize that the game has now changed and it will take a tremendous amount of work by all to overcome the **new paradigm**: namely, the full embrace of a **rapidly growing anti-gay Islamic population** by the Liberals, Leftists, Hollywood, and most of the Democrat party - all at the devastating expense of the LGBTQ community.

The message here is crystal clear: **stop obsessing endlessly about how Conservatives may VIEW you and start worrying about what Muslims actually want to DO TO YOU.** If you truly value your life and the freedoms that you now enjoy in America, you need to very, very quickly change your mindset to the **new reality** that your lifestyle and even your life are about to come under a continuously escalating assault that will make your past struggles look like a walk in the park.

Now, **GET TO WORK!**

---

<sup>124</sup> Despite this glaring problem with Islam, the Left continues to support it. Criticism of Islam would destroy the Left's utopian *kumbaya* belief in a borderless world steeped in multiculturalism and moral equivalency. Islam returns the favor because the Left, leaving Islam undisturbed, promotes its goal of world domination.
