Healthcare! Healthcare! Healthcare

From today until September 30th it's all about healthcare. Earlier this summer, we foolishly thought we were done with repeal and replace. John McCain's dramatic "no" vote vanquished the last of the GOP's plans with his silent but mighty downward thumb. We rejoiced, but our cheers and exhilaration have been silenced.

Senators Lindsey Graham and Bill Cassidy have revived the hopes of the GOP with their last-ditch plan. This plan is no better (and possibly worse) than all the plans that preceded it. While defeating the Graham-Cassidy bill looks a lot brighter since John McCain's [announcement](#) and Susan Collins' [interview](#) with Jake Tapper, we cannot let our guard down until the window for reconciliation closes on September 30th. As of this moment we do not have firm votes to defeat this bill.

While recent news has been encouraging, we cannot afford to be complacent. You can never relax with a GOP-controlled senate that is desperate for a legislative victory.

Make phone calls today and everyday until September 30th.

Follow the instructions [here](#) to call voters in red states with wavering senators. In July, two

days before the healthcare vote, more than 1000 callers in blue states made 100,000 calls to constituents in red states. We are counting on you to do that again.

We need to cross the finish line victoriously one more time and we need your help to do it.

“Why do they keep making these?”

How To Resist This Week!
