

The Gardners

Christmas 2000

Now it's once again Christmas, another year spent
We're all wrapping presents, wondering where the time went
We're still in Wisconsin and hoping to stay
Just west of Milwaukee, out Delafield way

Our year's been eventful, with stories to tell
Despite some ER trips, we're all doing well
Another year older and still can't complain
With both boys in high school at Kettle Moraine

We all have our passions and things we enjoy
And early this summer we got a new toy
A new Harley-Davidson, shiny and black
Is perfect for Meemo to ride on the back

Grant has his Cougar and plays saxophone
And Marily teaches piano at home
Warren can juggle and snowboard and draw
For Larry it's basketball, router and saw

Lately it's cold out and covered with snow
But we're keeping warm when we're not on the go
There's no telling how bright our prospects might get
When we're finished playing employment roulette

So drop us an email and give us your news
We'd love to hear all of your joys and your blues
'Cause getting through all of life's rough spots depends
On love and support from one's family and friends

Merry Christmas and Happy New Year!
