

FOR IMMEDIATE RELEASE
October 29, 2014

KATE MICKELSON NAMED EXECUTIVE DIRECTOR

Columbia River Steamship Operators' Association

Portland, OR, October 29, 2014– Kate Mickelson comes to CRSOA from Juneau, Alaska, where she has been working in the marine engineering industry. For the past 16 years, she has specialized in marine, port, and ancillary waterfront infrastructure projects. She has worked hand-in-hand with municipal administrators, state and federal agencies, stakeholder groups, and city assemblies/councils to successfully plan and achieve project goals, and has contributed to the successful completion of over 75 waterfront related projects throughout the Pacific Northwest. Kate is recognized and respected throughout Alaska's engineering and regulatory community. Her effective networking and commitment to staying current with regulatory guidelines have been instrumental in her successfully permitting over 100 marine projects in the past 10 years.

Kate holds a Master of Public Administration and has earned degrees in Civil Engineering and Construction Management and Engineering and Science. She has served on the Board of Directors for the Alaska Capital Engineers and has held local and statewide executive offices in the American Society of Civil Engineers, recently finishing a one-year term as President of the Alaska Section. Kate is thrilled to be joining the CRSOA Team, meeting the membership, and getting to work! She will make her home in Portland with her boyfriend Doug and their black lab Jetta.

Serving Ocean Shipping Interests calling in the Oregon and Southwest Washington Since 1922
