COVID/Visitation Update

Greetings from Midway Nursing Home!

There are no new COVID positive residents or staff and all residents and staff remain asymptomatic.

Our precautionary quarantine ends on Thursday, January 21ST and window visits will resume on Monday, January 25th. Window visits are weather permitting, by appointment only, and on a first come first serve basis. Window visits may be converted to an in-person visit if the weather is inclement. Should any resident or staff person test positive at any time, visitation will again be on "pause".

All visitors will be screened upon arrival and must present a photo ID and proof of a negative COVID PCR test result for a test taken within 7 days of their scheduled visit. Rapid test results are not accepted. We recommend that you schedule your visit at Midway NH **prior to** being tested to ensure that your COVID PCR test is done within 7 days of your scheduled visit.

Visits are limited to 2 people per resident session and all visitors must be age 18 or older. Face masks that cover the nose and mouth must be always worn while on the premises and social distancing must be always maintained.

Visit sessions are 30 minutes and are Monday thru Friday from 10:30AM to 11:00AM and from 1:30PM to 2:00PM.

Our visitation schedule is as follows:

Monday	=	4 th floor
Tuesday	=	5 th floor
Wednesday	=	6 th floor
Thursday	=	3 rd floor
Friday	=	2 nd floor

To schedule your visit, please call Connie Leone on x307.

Please note that if any visitor fails to adhere to Midway's visiting protocols, per NYSDOH guidelines they will be prohibited from visiting for the duration of the COVID-19 pandemic.

We look forward to seeing you soon!
