Glasses

Medical

Dental

Rocks Medical Outreach continues to meet the medical and spiritual needs of the less fortunate in the Oak Cliff/Fair Park area of Dallas through Life Clinic IV. LC IV has been functioning alongside and in association with the Cornerstone Community Center (CCC) Outreach

since the Life Clinic opened in 2003. The clinic is located on the CCC complex. CCC functions under the leadership of Pastor Chris Simmons and the multi-functional CCC ministry. In addition to the RMO medical, CCC has a dental and new Eye Glasses Clinic

Basic services are offered and appreciated. The clinics remain overwhelmed with patients and smiles of gratefulness. Volunteers are always needed as medical care providers at LC IV. We desire to add more clinic days to meet the need God has put before us.

Full Waiting Room

Ouch!!

Cleaning needed...

Becky

Becky Jacobs is a refreshing added medical care provider. Her radiant smile and deep medical knowledge are a true blessing to LC IV. We are truly enriched to have her as part of the team.

Doc Rock

I am known as “Doc Rock” and continue seeing patients and receiving the Lord’s rich blessings over RMO and my life. I put Romans 10:15 into context to use in the Life Clinic—we are there to share the gospel and bring glad tidings of good things including the Word of God and quality medicine with big smiles.

Praying and believing

The RMO September outreach to Ghana was postponed. After communicating with those in Ghana, it was felt wise to postpone to a later date. Pastor Ben, Marian, Elizabeth, and Joshua are missed. We look forward to seeing them again soon.

And enjoying Dr. Tandoh as a true friend in the Lord.

Come and join RMO reaching out to the less fortunate and receive the rich blessings HE gives so freely.

RMO Schedule

October-November- Ethiopia

January 2015- Ghana

February- Thailand if stable

May or June- Nicaragua

July- considering Brazil

Explore the RMO website www.RMO.org,
or call 817-480-5111 for information.
