

# Award Winning Portage Robotics Community Sponsorship Drive

Dear Valued Community Member,

Student members of the Portage Robotics teams are working hard towards this year's tournament season. Being a highly successful program and ambassadors for the community, teams are seeking the necessary resources to attain the goal of representing Portage at the Vex World Robotics Championships. With support of Sponsors like you, this goal will become a reality. Being a non-funded program, please consider supporting this worthy cause and making a difference for a student by helping them earn their \$500 fundraising goal.

**How it Works:** There is no product. It's all about the students. They are seeking support in the form of sponsorships; team or individual. 100% of the financial contribution goes back to the student.

## **Suggested Sponsorship Levels & Benefits: (Give at your comfort level)**

- |                  |         |  |
|------------------|---------|--|
| ✓ State Level    | \$20-50 | Letter of "Thanks!" from the team and a Tax receipt.         |
| ✓ National       | \$100   | Above + name-recognition/logo on Traveling Banner.           |
| ✓ World          | \$250   | Above + Home Tournament and Social Media Promotion.          |
| ✓ Adopt a Robot! | \$500   | Above + Custom Plaque + Logo/Name on Home Tournament Arenas. |

All sponsorship donations are tax deductible and will receive a receipt.

Give at your comfort level and experience pride in supporting Portage community's youth.
