## **Action Plan Video Project**

The 7<sup>th</sup> grade classes know how important it is to set good goals. With this in mind they studied how to create an Action Plan. An Action Plan is a list of steps that will help you reach your goal. To show others the importance of setting goals and to share what they have learned, they writing, directing and acting in an instructional video about Action Plans. The students have already written their scripts and now are in the process of making puppets that they will use in the video. Production should start in a day or too. Stay tuned for an update next month to watch the finished videos!

## Knowledge Bowl

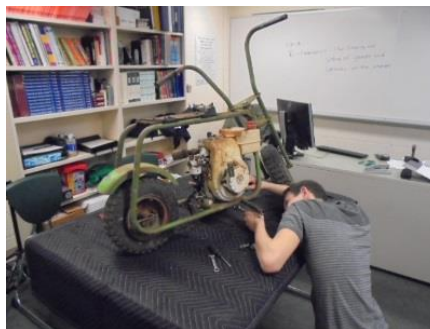

Students in the 7<sup>th</sup> grade have signed up to compete in the state Knowledge Bowl competition on April 12, 2019. This year's competition will be held at the Honda Heritage Center in Marysville, Ohio. It is an academic competition that allows CBI students to compete against each other in both a regional and a state competition

- It encourages teamwork
- It demonstrates that learning can be fun
- It develops student pride, confidence, and study habits
- It is good for resumes and future employment

## Mini Bike Build-Off

Brian Boston, a member West Branch Middle School 8th Grade Career Based Intervention (CBI) program continues to work on bringing an old 1970 Fox Sprite mini bike back to life. He has been researching parts needed and placing orders for parts. Brian has learned a lot about researching prices, shipping charges, and the costs associated with a project like this. Brian is also learning about how to work as a team, leadership skills, as well as Safety in the Workplace and how to use hand tools safely and properly. We will continue to give updates here as his build progresses. The contest runs from January 31 through May 31, 2019. To track his progress go to <http://www.mrdaviscbi.com/biker-build-off-2019.html>.
