

Skype Facial-I can't wait to see you!

What to expect? I do my best work in person and the amazing technology of Skype can make that happen, even if we live lots of miles apart. Relax, take a cleansing breath and prepare for some pampering and my best skin care tips and makeup tricks. I call it the MAGIC!

What's in your goodie bag? Satin Hands and lips, skin care, foundation primer and CC cream, basic color, mascara, liner and gloss. Plus details on where to shop! I can drop ship (FOR FREE) anything you might be interested in!

What else you can bring? Washcloth, headband, mirror and makeup brushes (optional)

Come to our party of two as you are. If it's a makeup day, we'll use our skin care to remove those products and cleanse and moisturize your skin. Plan somewhere fun to go show off your look!

Party time! (plan for about 30 minutes)
