Independent Auditor's Report

To the Plan Administrator
Delta Pilots Disability and Survivorship Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Delta Pilots Disability and Survivorship Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits and of plan benefit obligations as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended June 30, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2023 and Schedule of Reportable Transactions for the year ended June 30, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DELTA PILOTS DISABILITY AND SURVIVORSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION AND ADMINISTRATION OF THE PLAN

The following description of the Delta Pilots Disability and Survivorship Plan (the "Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a welfare benefit plan covering substantially all pilots of Delta Air Lines, Inc. (the "Company", "Delta", or "Plan Sponsor"). The Plan provides benefits payable as a result of a participant's death or disability.

The Plan is subject to collective bargaining and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. A trust (the "Trust") was established by the Company in May 1982, in accordance with Section 501(c)(9) of the Internal Revenue Code (the "Code"), in which Plan assets are held and under which benefits of the Plan are paid.

Contributions - The Plan is funded by the Company. In addition to regular funding, within 60 days of the end of each calendar quarter, the Company remits a reimbursement to the Trust for disability and life insurance benefits paid from the Trust to any pilot who was on the Northwest Airlines, Inc. ("NWA") seniority list prior to October 30, 2008.

Disability Benefits - Temporary disability benefits are payable after a seven-day waiting period for up to a maximum of 25 weeks. The period covered by the Company's paid sick leave is considered part of the total 26-week period, which includes the seven-day waiting period. The temporary disability benefit is equal to one-half of a participant's final average earnings and is reduced by state disability benefits, workers' compensation benefits, and certain retirement benefits paid from or attributable to the Company's pension and defined contribution plans. Temporary disability benefits are payable if the participant is prevented from performing the duties of their occupation solely because of their illness, injury, pregnancy, or disease. Temporary disability benefits may also be payable if a pilot is unable to return to active payroll status due to the Federal Aviation Administration's ("FAA") pending review of their application or possession of their First Class Medical Certificate ("FCMC") or if the pilot refuses to undergo an invasive medical procedure required by the FAA for issuance of the FCMC, provided that other requirements are met. Effective upon ratification of the four-year Pilot Working Agreement on March 2, 2023, the limitation on disability benefits for pilots who refuse an invasive procedure required by the FAA was eliminated.

Eligibility for long-term disability benefits is generally determined by whether the pilot is eligible to exercise the privileges of their FCMC; however, long-term disability benefits may also be payable if a pilot is unable to return to active payroll status due to the FAA's pending review of their application or possession of their FCMC, or, for up to seven years, if the pilot refuses to undergo an invasive medical procedure required by the FAA for issuance of the FCMC, provided other plan requirements are met. Effective upon ratification of the four-year Pilot Working Agreement on March 2, 2023, the limitation on disability benefits for pilots who refuse an invasive procedure required by the FAA was eliminated. Long-term disability benefits begin after the expiration of paid sick leave (or accident leave, if applicable) or the end of the 26-week temporary disability period, whichever occurs later. The benefit is 50% of the participant's final average earnings, reduced by state disability income, income from employment that exceeds the calculated disability benefit amount (before application of other offsets), and certain retirement benefits paid from or attributable to the Company's pension and defined contribution plans. Effective upon ratification of the four-year Pilot Working Agreement on March 2, 2023, a minimum monthly disability benefit equivalent to no less than 83.33 hours pay applicable at first year First Officer pay rate was

established. Former Northwest pilots may also be eligible for a "top-up disability benefit" that provides an additional amount of long-term disability benefits if the pilot has in excess of a certain number of hours in their Adjusted NWA Sick Leave Bank.

No disability benefit is payable to a pilot who was on the system seniority list on or after June 1, 2006 once the pilot attains the FAA mandatory retirement age. In addition, a pilot will forfeit disability benefits while incarcerated following a conviction for a felony (however, these payments may be paid to the pilot's eligible family members). Long-term disability benefits for psychiatric conditions, alcoholism, and/or drug abuse are subject to certain limits. Effective upon ratification of the four-year Pilot Working Agreement on March 2, 2023, the restrictions on disability benefits for psychiatric conditions was eliminated.

Maternity leave benefits are offered under the Plan for pilots who are released from flight duty on account of pregnancy and have been placed on an unpaid medical leave. The monthly benefit is equal to 100% of the pilot's monthly final average earnings and will be payable for up to eight weeks, depending on the method of delivery. Effective upon ratification of the four-year Pilot Working Agreement on March 2, 2023, the duration of maternity leave benefits was extended to ten weeks, regardless of the method of delivery.

Death Benefits - Up to January 1, 2008, the Plan provided for a maximum lump-sum death benefit of \$50,000 payable to a designated beneficiary funded through an insurance policy (the "Basic Life Benefit") and for a monthly death benefit payable to eligible survivors ("Survivor Benefit") based on age, employment status, number of eligible survivors, and a defined earnings level. Pilots who die or retire on or after January 1, 2008, and certain former pilots receiving disability benefits who die on or after January 1, 2008, had their monthly Survivor Benefit and Basic Life Benefit replaced by term life insurance. The amount of the term life insurance benefit is 2,500 times the 12-year captain hourly rate on the highest paying aircraft type. Upon retirement, the amount of an individual's term life insurance will be reduced to \$250,000 and on each successive anniversary of such individual's retirement will be reduced by \$50,000 with a final reduction to \$10,000. However, the pilot has a one time opportunity to elect \$50,000 for the first 5 years of retirement, with the amount dropping to \$10,000 on the fifth anniversary of the pilot's retirement.

During open enrollment, pilots may elect a lower amount of company-provided life insurance equal to \$50,000, \$200,000, \$300,000, \$400,000, or \$500,000, rather than 2,500 times the 12-year captain hourly rate on the highest paying aircraft type. If the pilot later wishes to increase their life insurance amount elected during enrollment, evidence of insurability is required. Upon retirement, the life insurance amount is reduced to the lesser of \$250,000 or the amount of insurance the pilot had in effect at retirement, or \$50,000 if the pilot elects this amount at retirement. Each year thereafter, the amount will be further reduced by \$50,000, but not below \$10,000. Effective January 1, 2024, a pilot may elect to convert their Company-paid term life insurance in excess of \$50,000 to a voluntary Group Variable Universal Life option. There are no benefits under the Plan in the event of termination of employment (other than retirement), unless a participant is disabled at the time of termination.

Participant Receivables, net - On the Statement of Net Assets Available for Benefits, Participant Receivables, net represent amounts due to the Plan from certain participants as a result of previous overpayments offset by an allowance for uncollectible accounts. The assessment of the allowance is based on several factors, including amount and age of past due accounts. The allowance for uncollectible accounts have been reported as an offset to participant receivables and totaled approximately \$11.2 million and \$0 as of June 30, 2023 and 2022, respectively. Any repayments from participants are offset against Benefit Payments in the Statement of Changes in Net Assets Available for Benefits.

Plan Expenses - Administrative expenses are paid by the Plan to the extent not paid by the Company. Investment management and trustee fees are paid directly by the Plan. The Company pays certain vendors accounting, actuarial, audit and administrative fees on behalf of the Plan, and the Company may request for reimbursement from the Plan for those fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

Use of Estimates - The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and benefit obligations, and changes therein. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. For further information regarding investments, see Note 3.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Plan has evaluated all events through April 12, 2024, which is the date these financial statements were available to be issued.

All other subsequent events, if any, requiring recognition as of June 30, 2023, have been incorporated into these financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, Fair Value Measurement and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets and liabilities measured at fair value. There have been no changes in the methodology used as of June 30, 2023 and 2022.

- Cash Equivalents primarily consist of high-quality, short-term obligations that are a part of institutional money market mutual funds. The funds' market-based net asset value ("NAV") per share is calculated using current market quotations or an appropriate substitute that reflects current market conditions.
- Equities and Equity-Related Instruments include common stock, commingled funds invested in common stock, equity-related instruments, and over the counter futures securities. Common stock is valued at the closing price reported on the active market on which the individual securities are traded. Commingled funds are valued using the NAV as a practical expedient divided by the number of shares outstanding. NAV is based on quoted market prices of the underlying assets owned by the fund. Equity-related instruments include investments in securities traded on exchanges, including listed futures and options, which are valued at the last reported sale prices on the last business day of the year or, if not available, the last reported bid prices. Over-the-counter securities are valued at the bid prices or the average of the bid and ask prices on the last business day of the year from published sources or, if not available, from other sources considered reliable, generally broker quotes.

The following are valued using NAV as a practical expedient at June 30, 2023 and 2022.

- Hedge Fund investments are primarily made through shares of limited partnerships or similar structures for which a liquid secondary market does not exist. Hedge funds are typically valued monthly by third-party administrators that have been appointed by the funds' general partners.
- Other Investments primarily include globally-diversified, risk-managed commingled funds consisting mainly of equity, fixed income, and commodity exposures.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022 (in thousands):

	Assets at Fair Value as of June 30, 2023

4. PLAN BENEFIT OBLIGATIONS AND ACTUARIAL MATTERS

Amounts Currently in Payment Status - Incurred but not reported survivor and disability benefits are estimated by the Plan's actuary and are included as amounts currently payable in the accompanying statements of plan benefit obligations. Survivor and disability benefits payable included as amounts currently payable in the accompanying statements of plan benefit obligations represent the present value of future benefits expected to be paid to participants, beneficiaries, and dependents who are currently receiving survivor or disability payments.

Postretirement and Postemployment Benefit Obligations - The postretirement and postemployment benefit obligations represent the actuarial present value of those estimated future benefits that are attributed to employee service rendered by June 30, 2023 and 2022. Postretirement benefits include future survivor and life insurance benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. Postemployment benefits represent future survivor and life insurance benefits expected to be paid to or for substantially all domestic inactive pilot employees and their eligible family members after employment but before retirement. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service with the Company rendered to the valuation date.

The actuarial present value of the expected postretirement and postemployment benefit obligations is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial valuation method for plan benefit obligations reflects the present value of accumulated benefits including an obligation for incurred but not reported disability claims assumed to equal 5/12ths of the disability term cost and does not reflect any obligation for preretirement disability benefits for active employees.

The following are other significant actuarial assumptions used in the postretirement and postemployment valuations, as applicable, as of June 30, 2023 and 2022:

	2023	2022
Discount Rates	5.60%	4.90%
2023 & 2022		
Retirement Rates:		
Pilots with NWA Pension Benefit	0.50% at age 50 to 100% at age 65	
All Others	0.25% at age 50 to 100% at age 65	
Disability Rates:		
Male Pilots	0.11% at age 30 to 2.70% at age 65	
Female Pilots	0.16% at age 30 to 1.85% at age 65	
2023 & 2022		
Mortality Tables:		
Healthy	Pri-2012 without collar or quartile adjustments, with separate rates for non-annuitants and annuitants, and contingent survivors, projected generationally from 2012 using the MP-2020 projection scale, with an ultimate long-term mortality assumption of 0.75%. Initial improvement rate of 0.75% declining from age 85 to 0% at age 115.	
Disabled	Same - Set forward 5 years.	

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement and postemployment benefit obligations.

At this time, it is the Company's intent that the Plan benefit obligations at June 30, 2023, will be met through future participant and employer contributions to the Plan.

5. TAX STATUS

The Trust is intended to qualify pursuant to Section 501(c)(9) of the Code, and accordingly, the Trust's net investment income is exempt from income taxes. The Trust has obtained a favorable tax exemption letter from the Internal Revenue Service ("IRS") dated February 10, 1988. The Plan and Trust have been amended since receiving the exemption letter. The Plan and Trust must operate in accordance with the Code to maintain the Trust's tax- exempt status. The Company believes that the Plan and the Trust, as amended, continue to qualify and to operate in accordance with applicable requirements of the Code, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan subject to the provisions set forth in ERISA. In the event that contributions by the Company are permanently discontinued or that the Plan is terminated, the net assets then remaining in the

Trust shall be applied first to eligible family members and beneficiaries for any benefit payments to which they are currently entitled under the Plan as of the time of discontinuance. Second, provisions will be made for any remaining income benefits as a result of death or becoming disabled prior to discontinuance (including death subsequent to discontinuance). Third, provisions will be made for benefits as a result of death or becoming disabled after discontinuance for such period of time after discontinuance as the assets remain sufficient to cover the value of all future expected benefit payments. Assets remaining at termination are subject to the applicable provisions of the Plan and shall be used until exhausted to pay benefits to the employees.

7. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, JP Morgan Chase Bank N.A., a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate.

- Investments and cash as shown in the statements of net assets available for benefits as of June 30, 2023 and 2022, except for approximately \$10 thousand and \$98.5 million of alternative investments, respectively.
- Investment income/(loss), net as shown in the statement of changes in net assets available for benefits as of and for the year ended June 30, 2023, except for income/(loss) from alternative investments.
- Investment information included in the schedule of assets (held at end of year) and reportable transactions schedule for the year ended June 30, 2023, as shown on ERISA-required supplemental schedules, except for approximately \$10 thousand of alternative investments.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP and Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in various JPMC corporate bonds, JPMC common stock, and JPMC money market funds, managed by the Trustee. These transactions qualify as exempt party-in-interest transactions. These investments are identified in the Schedule of Assets (Held at End of Year) as of June 30, 2023.

During the year ended June 30, 2023, the Plan recorded interest and dividend income of approximately \$662 thousand of which approximately \$484 thousand related to such investments.

The Plan also pays fees to the claims administrators and auditors which qualify as exempt party-in-interest transactions under ERISA.

9. RISKS AND UNCERTAINTIES

The Plan utilizes various investment vehicles including cash equivalents, hedge funds, equities and equity-related instruments, and other investments (Note 3). Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Cash consists of monies held in non-interest bearing transaction accounts. The Plan places its cash with a financial institution deemed to be creditworthy. Balances are insured by the FDIC up to \$250,000. At June 30, 2023, the Plan's cash did not exceed the federally insured limit. At June 30, 2022, the Plan's cash exceeded federally insured limits by approximately \$1.7 million.

Plan contributions are made and the actuarial present value of plan benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. FORM 5500 RECONCILIATION

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of June 30, 2023 and 2022 (in thousands):

	2023	2022
Net Assets Available for Benefits per Financial Statements	\$ 45,167	\$ 221,046
Benefit Obligation Amounts Currently Payable	(23,371)	(19,414)
Net Assets Available for Benefits per Form 5500	<u>\$ 21,796</u>	<u>\$ 201,632</u>

The following is a reconciliation of benefit payments per the financial statements to the Form 5500 for the year ended June 30, 2023 (in thousands):

	Benefit Payments
