

GRACE FUELED, FAITH IN MOTION

As our parish implementation team marches forward with our priority plan to enhance faith formation, expand involvement, and cultivate leaders; our first step is to learn more about **YOU**, our parish family. To do so, we are modernizing our parish recordkeeping to a digital format through Faith Teams to help us accomplish this goal.

PROS OF THIS PLATFORM:

- App built specifically for Resurrection of the Lord parishioners upon signup
- Accessible via URL: resurrectionofthelordparish.faithteam.com
 - *P.S. The site is bland right now, but there is more to come to spice this up soon!*
- Parishioners can create real-time profiles and alert the church when life changes:
 - *Example: Change of address/phone number, birth of a child*
- Create family filters to help us identify children and their respective parents in the church
- Real-time calendar keeping all parishioners up to dates on everything going on in the parish
- Sunday experience enhancement:
 - *Examples: gospel learning aids, self-schedule features (e.g. lector signups)*
- Opens our parish doors for open access to new parishioners or visiting guests to learn about us
- Multiple features to improve mass communication via text, email, or mail
- Safeguards for Parishioner Privacy: Profile specifics are only accessible by Parish Staff/Leaders
