## The Concrete Series

Caesarstone's range of concrete designs, with their unique finish, offers a sleek and virtually maintenance-free alternative to formed concrete to achieve a modern, industrial look with all the benefits of a quartz surface.

### 4001 Fresh Concrete

A delicate and clean modern industrial appearance of fine white concrete in a matte texture, bringing an aged patina and feel to the surface.

### 4003 Sleek Concrete

Encapsulates the look and feel of fine concrete with a warm grey base, perfect for the modern industrial look with the durability of Caesarstone quartz.

### 4004 Raw Concrete

Natural soft grey color and a distinctive texture deliver the classic industrial concrete look.

### 2003 Concrete

Cooler and darker tones give this polished option its "wet concrete" appearance and classic aesthetic.

# Edge Profiles

Your surface is not complete without an edge profile to complement your slab selection and space. With Caesarstone, selecting the best fit is easy. The unique properties and durability of Caesarstone quartz surfaces allow for a wide range of edge-profile design options.

Many edge profiles are possible, from a standard edge to laminated or mitered edges which create the appearance of a thicker slab. All edge details should have a minimum 1/8" radius on any profile, for both top and bottom edges. For high-traffic areas, 1/4" minimum radius is suggested.

# Caesarstone Slab ID

The underside of every Caesarstone slab is uniquely stamped with identification information establishing authenticity.

# Wall Applications

Caesarstone has specially selected a range of colors and designs in 13mm thickness for wall applications.

Because Caesarstone quartz surfaces are nonporous and mold and mildew resistant, they are ideal for kitchen back-splashes and bathroom wall panels. Large slab sizes provide a sleek and modern aesthetic, minimizing joints and maintenance.

# Caring for Your Caesarstone

Caesarstone surfaces require minimal maintenance to keep them looking like new due to the hard, nonporous and highly stain resistant nature. For everyday, routine cleaning, simply wipe surface with a damp cloth and warm soapy water. Caesarstone ensures ease of care for long-lasting luster.

Tougher stains like lemon juice, wine, nail polish or permanent marker can easily be removed with little effort.

## Benefits

Caesarstone quartz surfaces are the ultimate combination of nature and technology. Nonporous, scratch resistant and highly resistant to stains, Caesarstone retains its beauty without sealants or waxes and is practically maintenance-free.

## Certifications

Caesarstone is backed by the Good Housekeeping Seal and was chosen as the official countertop for the Good Housekeeping Research Institute.

Caesarstone is the first quartz surfacing company to receive ISO 14001 certification - a global standard specifically for environmental protection.

## Beauty for Life - Guaranteed

## A Culture of Quality

As a leader in our industry, we are committed to the highest quality of our products' technical characteristics, sustainability and certification, which allows us to offer you a Caesarstone lifetime warranty.

Avoid the need of constant maintenance or replacement of materials. You can have peace of mind that your Caesarstone is going to last - even in high-traffic areas.

### **Customer Service**

When considering investing in a premium quartz surface, there is one thing you should know: the surface you choose is only as good as the company that stands behind it, especially when it comes to customer service.

At Caesarstone we know that once the installation is complete, our job has just begun. Your satisfaction and service experience is very important; you can count on us.

Caesarstone USA, Inc. will warrant, from the original date of installation, material that fails due to any manufacturing defect when fabricated and installed by a Caesarstone Certified Fabricator.
