Paul: Arch. requests: Lot 251 – Still no paper work,still on hold.

He questioned how many grass cuttings have been done? They're supposed to be doing 30 per year. Also, the tree Co. was observed blowing excessive grass cuttings back onto the grass. Are they keeping up with the requirement amount of cuttings that they're required to do?

Lot 333 has a tree that must come down. It's diseased and it's a nuisance tree.
