

Progressing Cavity Pump Parts Program

PELCAN, Inc. has served the Texas Gulf Coast chemical and petrochemical industries since 1998, providing positive displacement equipment to manage the toughest fluid handling services. Our new PC Pump Parts Program offers our customers a one-stop shop for their progressing cavity pump parts needs.

Our objective is to help our customer's bottom line by minimizing their transaction costs, lowering procurement costs, and making maintenance programs more effective.

PELCAN's PC Pump parts program offers spare parts for ALL progressing cavity pump brands.

Including:

MOYNO®
SEEPLEX®
MONOFLO®
NETZSCH®
ALLWEILER®

Contact your PELCAN, Inc. Account Representative for more information on our PC Pump Parts Program, Rotary Pump Parts Program, Repair Services, Corporate Maintenance Programs, and other maintenance solutions.
