# Con Mi Hermana Mentorship Program

## About:

Be part of an amazing experience by becoming a mentor to one of our Con Mi MADRE students. As an Hermana Grande (Big Sister), you will provide guidance and encouragement to a student through the college entrance process during their Junior and Senior year.

This year-long commitment includes meeting in person to provide guidance on college selection, assistance in becoming familiar with the college entrance exam process, completing college/scholarship applications, reviewing college admission essays, assisting with the completion of the FAFSA, looking over financial aid reports, and assisting with housing applications. Hermana Grande mentors also encourage mentees to seek out volunteer opportunities and most importantly act as a positive role model to our Con Mi MADRE student.

On average the mentor and student make contact *two to three times a month*. This can be in person, phone call, text, or email.

Please note: All Hermana Grande mentors complete a background check prior to being paired with a student.
