North Star Volunteer Fire Department

2358 Bradway Road, North Pole, Alaska 99705

Phone: (907) 488-3400

FAX: (907) 488-6118

Dear Fire Captain Candidate:

I would like to start by thanking you for taking the time to apply for this important position. The greatest contribution this Department makes to the community comes directly from our volunteers and our employees. As future leaders of the Department and the community, you are demonstrating exceptional foresight by taking this very important step.

We have taken the time to put this information packet together in an attempt to better communicate with our future and advancing leaders. If after reading through this packet you should still have any questions, please feel free to contact me here at Station #1.

The working relationship between our Volunteer and Career personnel is seamless, and this process is intended to emphasize the knowledge, skill levels and quality of our very active personnel. It will require your assuming a great deal of responsibility and accountability, as well as allowing you to use your creativity and energy to contribute to the future direction of this great fire department.

We hope you will find this a challenging and rewarding process. Again, I thank you for your interest in furthering your career in the fire service. I am sure the successful candidate will find it exciting and challenging.

Sincerely,

A handwritten signature in black ink, which appears to read "David M. Daniell". The signature is fluid and cursive.

David M. Daniell
Deputy Fire Chief

VACANCY ANNOUNCEMENT

JOB TITLE: Fire Captain

OPENS: March 18, 2016

REPORTS TO: Deputy Chief

CLOSES: When Filled

POSITIONS SUPERVISED: Assigned Personnel

PAY GRADE: DOE

NARRATIVE: Position is a uniformed line assignment within the Fire Department, supervised by assigned Deputy Chief. Captains will provide initial and immediate response to incidents in the North Star Fire Service Area, and to incidents outside the Service Area as defined by department Guidelines of Operation and Mutual Aid Agreements. Upon arrival will perform incident command functions, rescue, firefighting, Haz-Mat Operational Level response, and emergency medical operations as necessary or as directed.

RESPONSIBILITIES:

1. Primary duties shall encompass leadership skills used in serving the members of this organization by mentoring, teaching, equipping, and encouraging all members of the department.
2. This position performs emergency firefighting activities to include but not limited to apparatus driving, interior attack, wild-land firefighting, rescue operations, motor vehicle extrication and hazardous materials operations.
3. Provides safe initial response of appropriate fire apparatus and emergency scene activities.
4. The Captain serves as Company Officer, or Driver/Operator when necessary, on initial response to all fire, rescue, and hazardous materials emergencies, performs "On-Scene Reports" and acts as Incident Commander until relieved by a Chief Officer.
5. The Captain serves as Lead Medic when necessary.

JOB CONTACTS:

1. Department Operations, Training, Administrative and Support Staff.
2. General Public.
3. F.N.S.B. Staff.
4. Other area emergency services organizations.

MINIMUM QUALIFICATIONS:

1. Have a minimum of Five (5) years' experience as a Firefighter, three (3) of which are at an Officer Level or equivalent.
2. Fire Officer I.
3. State of Alaska Fire Instructor I.
4. State of Alaska Fire Fighter 1I.
5. Current State of Alaska EMT-II, or NREMT I.
6. Haz Mat Operations Level Certified.
7. ICS-100, ICS-200, ICS-700, ICS-800 certificates
8. Valid State of Alaska Motor Vehicle Operators license (Class 'D' minimum).
9. High School graduate or G.E.D.
10. Computer literate on current programs (Windows, Excel, etc.).
11. Ability to pass North Star Fire Department physical agility test, and NPFA 1582 physical.

PREFERRED QUALIFICATIONS:

1. Emergency Medical Technician-III
2. Qualification in a unique skill or field. Some examples are: Current SCBA Air Pak Field Level Technician; Confined Space / Hi-Angle Rescue / Collapsed Building Operations Level; Vehicle Extrication Specialist, etc. Please describe and provide copies of supporting documentation.
3. ICS 300.
4. Red Card

**NORTH STAR VOLUNTEER FIRE DEPARTMENT
PHYSICAL ABILITY TEST**

All Members of the North Star Volunteer Fire Department will be required to complete the following ability test. This is a timed event to evaluate the member's ability to perform physically demanding firefighting activities on the fire ground. The member will have ten (10) minutes to complete this test.

The ability test will be performed with the members wearing standard department issue turnout coat, pants, boots, entry approved structural firefighting gloves, entry approved structural firefighting helmet, and Scott IIA-air pak. This is a continuous, circuit type evolution. Once the member completes station 1 they immediately go to station 2, then 3 and so on. There are no breaks and no running during the evolutions or between stations.

The member will don a Scott IIA SCBA, excluding the face piece. The member will wear all safety equipment including gloves. (The donning of the airpak will not be timed, the SCBA face piece will not be worn during this test.) All safety equipment will be in place at the end of testing.

The Proctor will record elapsed time after completing each station and the overall time at the end of the test.

The hotel pack will be carried between every station. The hose is not allowed to touch the ground between stations.
When the member touches the hotel pack at Station 1 the timing of the test will begin.

STATION#1 Stair Climb

The member will start at the base of the stairway leading to the Day Room in Bay 1. When ready the candidate will pick up a N.S.V.F.D. hotel pack with nozzle and gated wye attached, place it on their shoulder, and climb one (1) flight of stairs three (3) times, coming in contact with each stair on the way up and the way down the stairwell. One hand must be in contact with the railing and running is prohibited.

When finished the member will move on to Station 2.

TIME ELAPSED: _____

STATION#2 Dummy Drag

The member will place the hotel pack on the pre-marked spot, pick up an approximately 185 lbs. Rescue Dummy and drag it 35 ft. around a cone and back to the starting point. At no time during this station can the dummy or member come in contact with the cone. When finished the member will pick up the hotel pack and walk to Station 3.

TIME ELAPSED: _____

STATION#3 Roof Ventilation Prop

The member will place the hotel pack on the pre-marked spot, pick up a 14-pound sledgehammer, stand on the roof prop and full swing the sledgehammer 20 times onto a pre-marked area. Only full swings will count. Proctor will verbally count out full contact swings. A full swing is defined as the sledgehammer swinging above the member's head at the uppermost part of the swing. Member will return the sledgehammer to the designated area. When finished the member will pick up the hotel pack and walk to Station 4.

TIME ELAPSED: _____

STATION#4 Hose Drag

The member will place the hotel pack on the pre-marked spot, pick up and drag 200' of three-inch (3") hose, 100' in distance. Hose will be arranged in an "accordion" pattern at the start line and all of the hose must clear the finish line. The hose may be dragged in any manner. When finished the member will pick up the hotel pack and walk to the hose tower and Station 5.

TIME ELAPSED: _____

STATION#5 Hose Tower Raise

The member will place the hotel pack on the pre-marked spot, and pull a rope connected to a 50-foot roll of 3" hose hand over hand until it comes in contact with the bottom of the catwalk, and then lower the rope hand over hand until the hose is at eye level. Minimum of 5 (five) repetitions will be completed. The candidate will receive one (1) warning if the rope slips through his/her hands, after the second infraction the member must lower the hose to eye level and restart that repetition. When finished the member will pick up the hotel pack and walk to the finish line in the decon room. The member's time will be stopped when he/she crosses the finish line. **OVERALL TIME:** _____
