

TURBO PIZZA

Welcome to **TURBO PIZZA!**

We're experienced mobile event caterers with a new passion for serving delicious pizzas to you and your guests! Based in Puckeridge, Herts - we are able to cover a vast area in the south of England including Hertfordshire, Cambridgeshire, Essex, Bedfordshire, and London which is quite a hefty footprint!

*We've worked in the event catering industry for a number of years running successful businesses, namely **SPIT 'N' ROAST** our Hog Roast & BBQ arm and **PERFECTO PAELLA!** which is exactly what it says on the tin, perfect paella's!*

TURBO PIZZA is our latest offering, delivering hand crafted, flame-fired and stone baked pizzas, using only the best quality ingredients which are sourced locally where possible!

Our pizzas are served hot, straight from our flame-fired Pizza ovens which provide us with the heat required to cook authentic, thin crust pizzas like you've never tasted before! Our setup is simple, discreet and can be setup in minutes!

Catering at your event couldn't be easier, we're able to setup a fully equipped, kitchen ready for pizza service, complete with refrigeration, hot running water and lighting. We can even provide our own electricity if needs be, so we can simply roll up and set up wherever you might need us to be!

We're a small, best-friend run business with a passion for food and customer service that has taken us on a journey catering at a multitude of events, whatever the season, whatever the weather!

So why not take a look at our menu and get in touch today!

We look forward to hearing from you,

Team TURBO!
