CHAIR'S CORNER

by David McGan

We had a great turn-out at our October meeting. Those who attended the meeting at the Tin Fish should now have a better understanding of the content of the ISO 9001:2015 standard revision. I enjoyed discussing an overview of the changes found in the new revision. From a quick and informal poll at the meeting, a number of our members are beginning to get involved in updating their QMS to comply with the new revision.

November Meeting -- our November meeting will be somewhat different, in that it will be a luncheon meeting. Your SLC (Board) is trying to serve as many of our members as possible, and having a meeting during the lunch hour might make it more convenient for some. So, if you like that idea, be sure to attend to demonstrate your enthusiasm for this option. We did this about three years ago, and were somewhat surprised at the good turnout.

Technical Presentation -- This time, we'll be meeting **in Fort Branch, Indiana, at the Vincennes University Fort Branch Campus of the Center for Technology, Innovation and Manufacturing**. They're offering some exciting opportunities for area students, and your company will benefit from seeing first-hand the equipment and facilities they have to offer. See elsewhere in the newsletter for travel directions.

Due to our regular monthly meeting date being on Election Day, we're **moving the meeting to the next week, on Thursday, November 17th**. The meeting / tour will start at **11:00am (CST) / 12:00 noon (EST)**. We'll tour the facilities and then have lunch at a nearby restaurant. It will be well worth your time, and remember, you need to eat lunch anyway. So, we hope to see you there.
