Prep Room

Prep Pails

Prep room pails all comply with OSHA standards on bloodborne pathogens for safe containment of infectious waste. Fire resistant, puncture resistant steel available in red, white or non magnetic stainless steel.

Dimensions:

A 11"w x 17"h round

B 11"w x 22"h round

C 12" x 17"h square

D 12" x 23"h square

E 15" x 30"h square (wheels optional)

F 19" x 30"h square wheels optional

Decals available: Soiled Linen, Biohazard, Infectious Waste, Trash only.

Step cans are fire proof steel and comply with OSHA regulations. Step once to open and again to close. Tight fitting lid overlaps molded plastic gasket for maximum odor control and quiet operation. Dimensions:

J 8"w x 11 ½"h

K 11"w x 16"h

L 12"w x 20"h

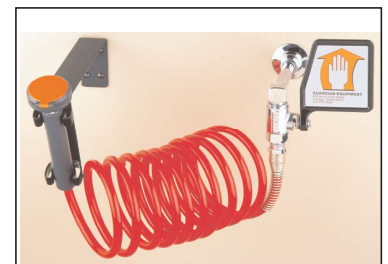

OSHA

Shower/eye wash station – combination unit has 10" orange PVC shower head and "stay on" shower pull. Eye flush has push handle and/or foot operated pedal for "stay on" eye flush with orange PVC wash bowl. Galvanized steel pipe with low flange to attach to plumbing line. 9" cast aluminum base.

Emergency showers – Horizontal or vertical mount. Orange PVC shower head and "stay on" water pull. Easily elbows from existing plumbing.

Eye wash/drench hose unit – dual purpose unit gently flushes eyes simultaneously for twenty minutes, or can be used as a "stay on" drench shower. Retracting 12' recoiling hose has 180 psi working pressure.

** Most popular shown. Other styles available.*

Eyewash safety station green plastic wall dispenser holds 32 ounces of sterile solution. Refill solution also available.

Prep Room

A) Cranial cap – molded cap for back of head to rest on for absorbing any leakage from accident or autopsied cases.

B) Suture thread – one pound spools

- no wax or polish-7 cord-white • 4 cord white plain
- lightly polished-6 cord-beige • 10 cord black plain
- heavily waxed-7 cord-brown

C) Lip/lid lock – a liquid glue with fine brush in cap. For facial posing.

D) Aron alpha – posing glue. 5 tubes per pack

E) Hose holder – suction or magnetic base

F) Mouth forms –

- clear expression forms. 12 per pack
- flesh dental simulators. 12 per pack
- rubber with wire. 12 per pack
- laramie white foam. 15 per pack

G) Trocar sterilizer – clear plastic. 24" long, 1 1/2" wide. Wall mounting hardware included

H) Incision stapler – 35 staples per gun-disposable

I) Scalpel blades – carbon steel blades are reusable. Sizes: #10, 11, 12, 20, 21, 22. Sold separately or 100 per box

Scalpel blade handles – stainless steel-#3 or #4

Steel scalpel blade in plastic handle – 10 per pack-#22 blade

Retractable scalpel blades in handle – blade automatically retracts into handle with one touch. #10 blade

J) Needle injector gun – sturdy steel/chrome. Manual. Injector wires brass or steel. 144 per box.

K) A/V closure – hard plastic to seal anal/vaginal orifice

L) Syringe – plastic with leur lok hub. 10cc-20cc-30cc-56/60 cc

M) Trocar button applicator – easily screw trocar buttons-stainless steel

N) Hypodermic needles – stainless steel. sold separately. 2"-22g, 2"-20 g, 2"-18g, 2 1/2"-22g, 2 1/2"-20g, 2 1/2"-18g, 3"-22g, 3"-20g, 3"-19g, 3"-18g, 3 1/2"-18g, 3 1/2"-17g, 3 1/2"-15g, 6"-15g. Also shown: disposable steel hypo needles plastic leur lok hub - 100 per box.

O) Straight pins with pearl head will help mount items in lid of open casket. 2 1/2" long.

P) Calvarium clamps – metal-20 per pack

Q) Safety pins – all 2" size. 144 per pack

R) Eye caps – oval style-clear or flesh, small or large.

Round style-clear or flesh, small/medium/large. Variable-flesh-1 size, adjustable. All eye caps packed 144 per pack

S) Trocar buttons – white-2 hole top. Tan-snip tip base. All trocar buttons packed 144 per pack

T) Multiclosures – 20% larger than trocar buttons. 50 per box

U) Retractable scalpel blade – Scalpel has a protective sheath covers blade automatically once incision is made. #10 blade set into plastic handle. 10 per box.

V) Safety glide hypo needle – Steel hypo needle is automatically covered by the sheath after hypo needle is used. Comes with 10cc plastic syringe. 10 per pack.

W) Water collar – reduce neck swelling in less than ten minutes.

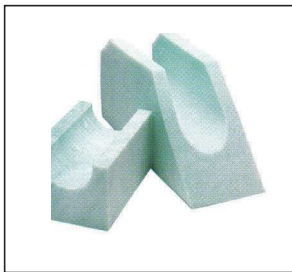

Prep Room

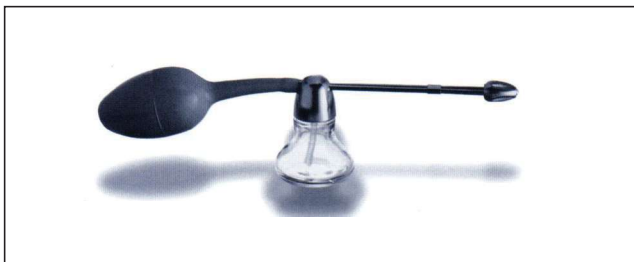

Hexy MA 22 Jell – pink jell for autopsy viscera cases, abrasions, burns, cancer, dropsy, floaters, gangrene. 2½ pound plastic jar.

San Veino – preservative - deodorant - bleach. Choose: spray, liquid, gel or powder.

J) Fast set tissue builder – pint or gallon.

K) Solvent – cleans hypo needles and syringes. 8 oz, 16 oz, gallon.

L) Shampoo – removes grease & blood from scalp and hair. Rinseless shampoo and spot remover.

M) Tissue cream – massage cream prevents bacteria and discoloration, and moisturizes skin. 1 pound jar. Choose waxy or soft.

N) Powder incision seal – with pour spout. 14 oz.

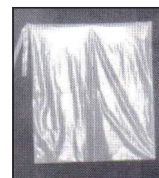

O) Cidex – a cold sterilant/disinfectant made by Johnson & Johnson. 1 gallon jug.

P) Hardening compounds – 25 pound pail. preserve viscera and absorb moisture with this white dusty powder..

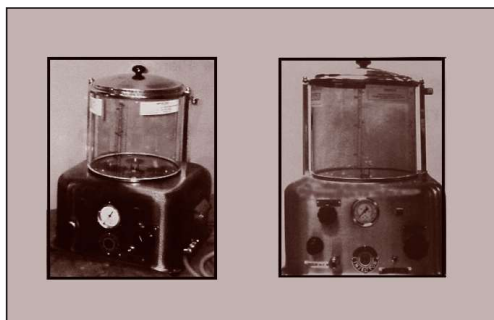

Q) Autopsy compound – 20 pound pail. Granular. absorbs moisture and destroys bacteria. Dustfree kitty litter type.

Viscera bags – clear vinyl-straight edge.

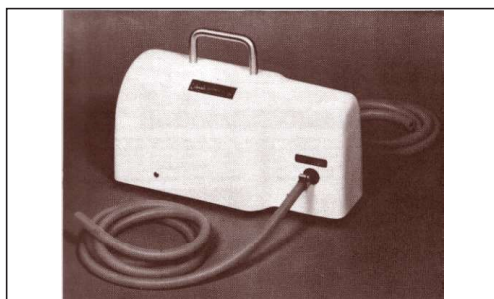

Ties no longer attached as shown in picture. 25" x 35". 12 per pack.

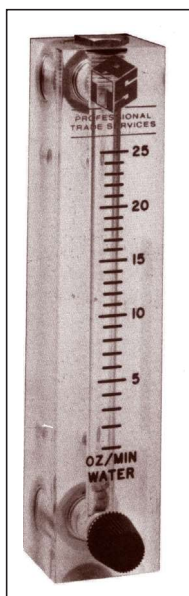

Prep Room

Duotronic injectors – 3 gallon plastic or glass tank. Steel cabinet. 21”h x 17”w x 15”d
I Original – 2 speed belt. 0 - 30 psi. 1/2 hp.
II Same as I with pulse feature.
III Direct drive. 1 speed. 1/8 hp. 0 - 15 psi.
V Direct drive. 1 speed. 1/6 hp. 0 - 100 psi. Auto shutoff

Water free aspirator – 1/3 HP motor. The pump is self priming and permanently oiled. No water attachments needed. Operator can regulate the amount of suction.

Flowmeter

Monitor and control the rate of flow of arterial injections. Will help you determine the proper pressure setting and indicates changes in vascular resistance. Reduce chances of unnecessary swelling. Will indicate improperly inserted arterial tubes. Installs easily on most embalming machines.

Portiboy Embalming Machine Mark IV

Auto shut off and inline stopcock. 0-60 psi, flow rate 0-1 gpm. 1/6 quiet, smooth motor. Auto shut off. White enamel case.

Portiboy Embalming Machine Mark V

High pressure 0-80 psi. Flow rate 0-1 gpm with in line stopcock. Heavy duty 1/5 hp quiet motor has pulse feature. Auto shut off. White enamel caabinet.

Multi-use stainless steel utility cart

- electric welded construction
- finest hospital grade stainless steel
- frame mounted swivel plate casters with solid rubber wheel
- shelf dimension 15" x 24"
- over-all dimension 15" x 24" x 31"
- weight 30 lbs.

Dry heat sterilizer

– Has two medium instrument trays.

Operates at 320 - 360 degrees.

- precision thermostat, signal light, thermometer.
- rapid heat-up time with safety limit control.
- heating elements cannot burn out.
- two hour timer with "HOLD" position.
- finest hospital grade stainless steel.
- glass wool insulation for minimum heat loss.
- convenient instrument tray handle.
- accommodates most instrument trays.
- meets all electrical standards. UL listed.
- FDA registered.
- 450 watt

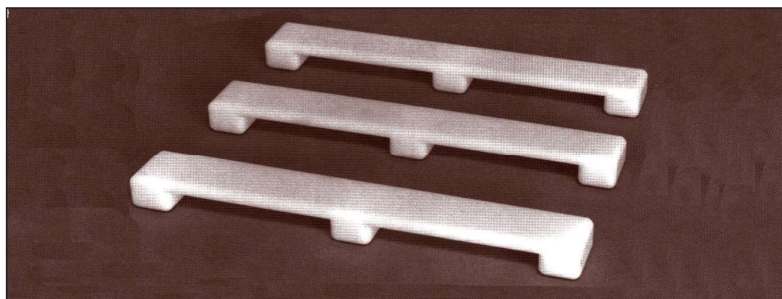

17lbs.

16" x 11" x 10"

* 2 tray model shown. 3 tray also available. 650 watt

Prep Room

Body Bridges / Positioners

Body bridges – set of three are formed from a solid high density polyethylene. Non-skid rubber bumpers at footing.
21 $\frac{3}{4}$ " l x 3" w x 1 $\frac{3}{4}$ " h.

Body positioners – white high tech moulded positioners.

- large set of 3: 19"l x 6"w x 2 1/2"h.
- small set of 5: 12"l x 5 1/2"w x 1 1/2"h.
- head block.

Hydraulic body lifts – offers 4 body straps and 2 casket straps. 7" hard rubber locking wheels. One hand hydraulic system. Wheelbase is adjustable in width. Web straps have D buckles and are adjustable in length. Fits through a 30" doorway.

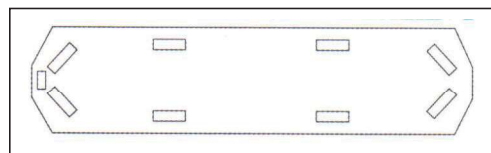

- Model #400 holds 400 pounds. Wheel base adjusts from 27" to 33"
- Model#600 holds 600 pounds. Wheel base adjusts from 24" to 33"
- ships UPS

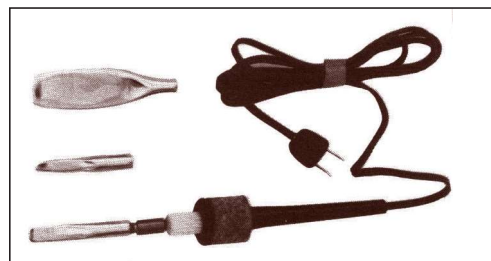

Casket jacks

– casket lifts are designed for one person to lift the heaviest casket onto a bier or church truck with ease. Simply

lift the bar and the lift will rise from 18" - 24". The lift will lock into place and hold up to 600 pounds without strain.
Set of 2. CB4900-2

EZ slider board – white nylon board is friction free and allows easy transfer of bodies from one surface to another. Easy placement under body. 17" wide x 72" long. Eight finger grips on edges of board for easy handling. Also available with built in foot strap or arm harness. Oversized board available.

Tissue dryer/reducer – excellent for reducing swollen eyes, lips and other features. Useful in removing marks and facial wrinkles or replacing character lines. Comes with 3 blades. Electric cord. #6350

Ring Cutter

Tables and Supports

Model 101H hydraulic operating table – 3 foot pedals adjust height and angle. Both ends position 28"-40". Deep trough and drain at foot end. 8" swivel wheels lock. Stainless steel table top. 80" long, 30" wide. 600 pound capacity.

Model 102 folding operating table – Folding table for embalming and dressing. Both ends position 32"-38". Stainless steel top. 6" swivel casters lock. 80" long, 30" wide. 1000 pound capacity.

Model 103 combination operating table – stainless steel top. 6" wheels swivel and lock. 7 locking height positions. 80" long, 30" wide. 1000 pound capacity

Model 34 folding dressing table – wood grain or gray laminate top. 6" wheels swivel and lock. Table top and base fold. 76" long, 24" wide. 500 pound capacity.

Head support – aluminum support cradles head up to 8 ½" above table top.

Arm support – aluminum arm rests support limbs up to 7" above table top.

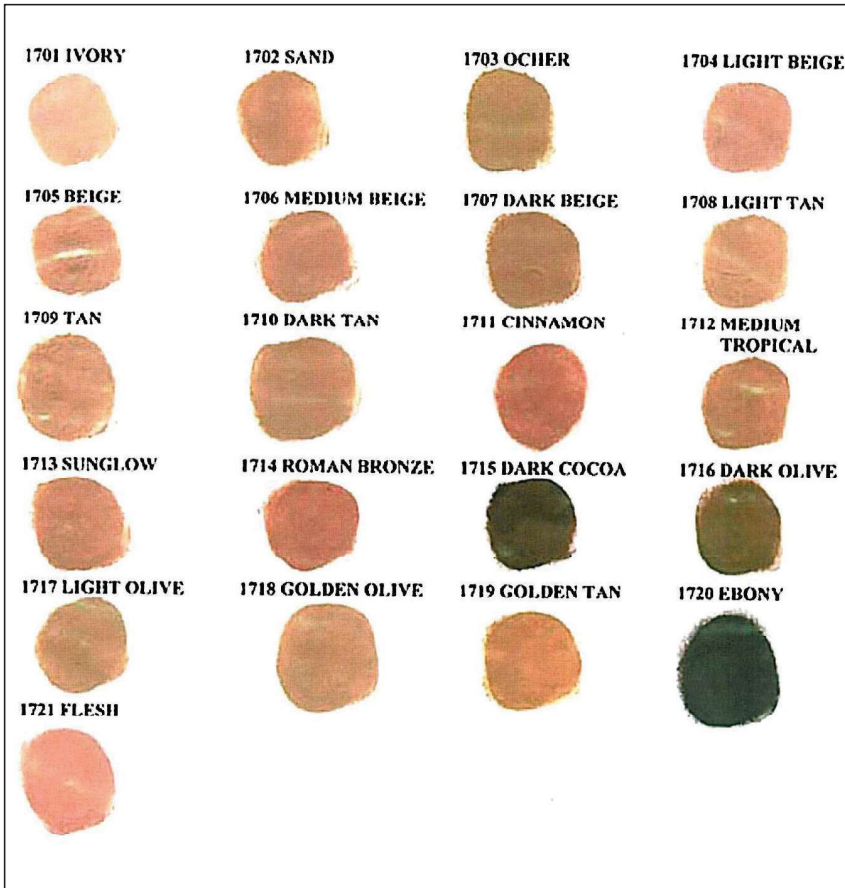

Model 38BB body bridge and head support – powder coated aluminum. 25" long x 4" wide x 3" tall. White PVC also available.

Ferno distributor since 1985.

Instruments

Slaughter Instruments

Scissors

60 – white nylon bone separator
 500 – gathering forcep 5½”
 501 – needle holder box lock 6¼”
 503 – dressing forcep 10”
 504 – hemostat long nose 6½”
 504 – 8”
 505 – curved arterial forcep
 506 – straight (light)
 1108 – mayo curved 5½”
 1109 – straight 5½”

1110 – blunt/blunt 5½”
 1111 – blunt/sharp 5½”
 1112 – sharp/sharp 5½”
 1115 – angled bandage 5½”
 1185 – barber shears 7½”
 1188 – heavy duty rib shear
 1190 – nail shears
 1192 – curved shears
 1194 – straight shears
 1195 – cuticle shears
 1200 – cloth shears 10”

Slaughter Instruments

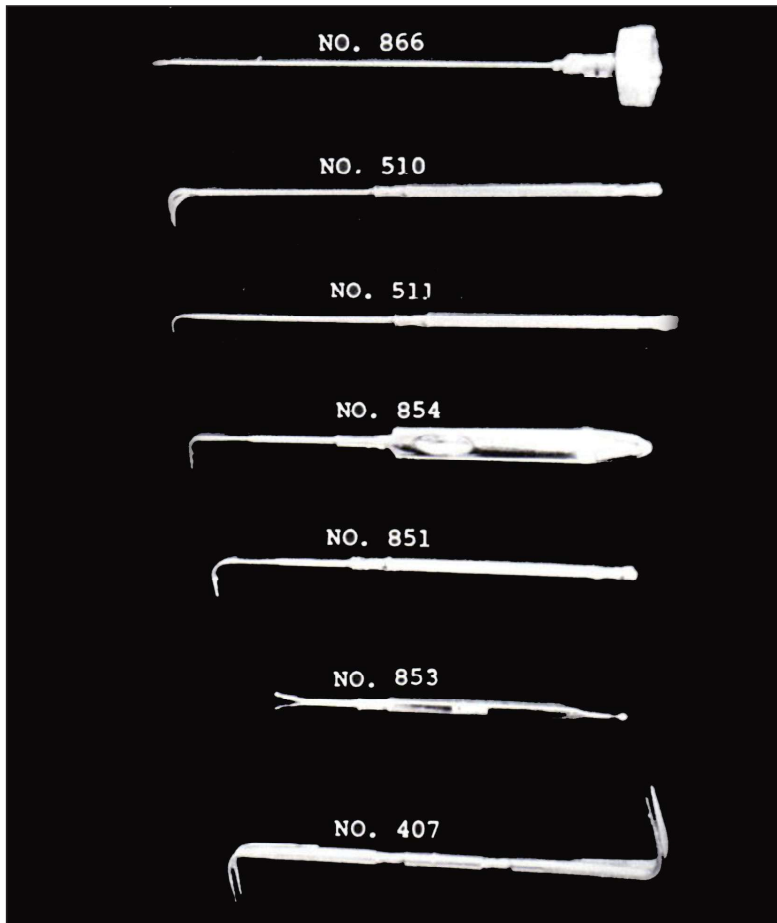

3, 4 – scalpel handles
 1-0, 7-0 – suture needles-small, medium,
 large-xl-select shape
 18 – observation tube for trocar line
 38, 39 – glass syringe. Plastic also available.
 10, 20, 30, 50, 60 cc
 109 – needle holder
 512 – curved artery clamp, self closing spring

513 – straight
 514 – grooved director
 600 – dressing forceps 6", 8", 10", 12"
 601 – foil forceps - fine - curved
 602 – 3" vein forcep
 603 – 7" vein forcep
 604 – eyelid forcep
 605 – straight fine point forcep

Instruments

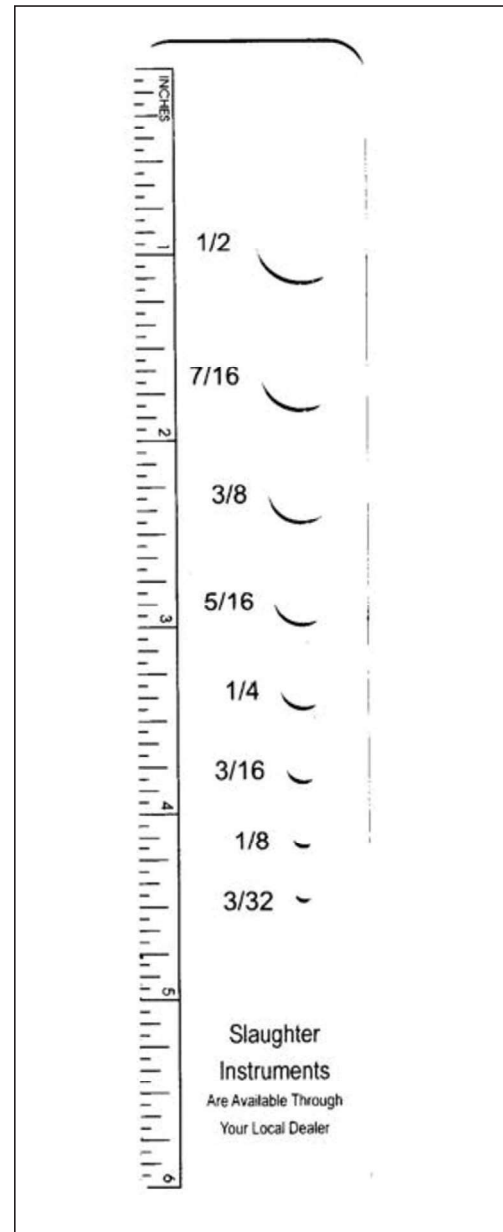

Slaughter Instruments

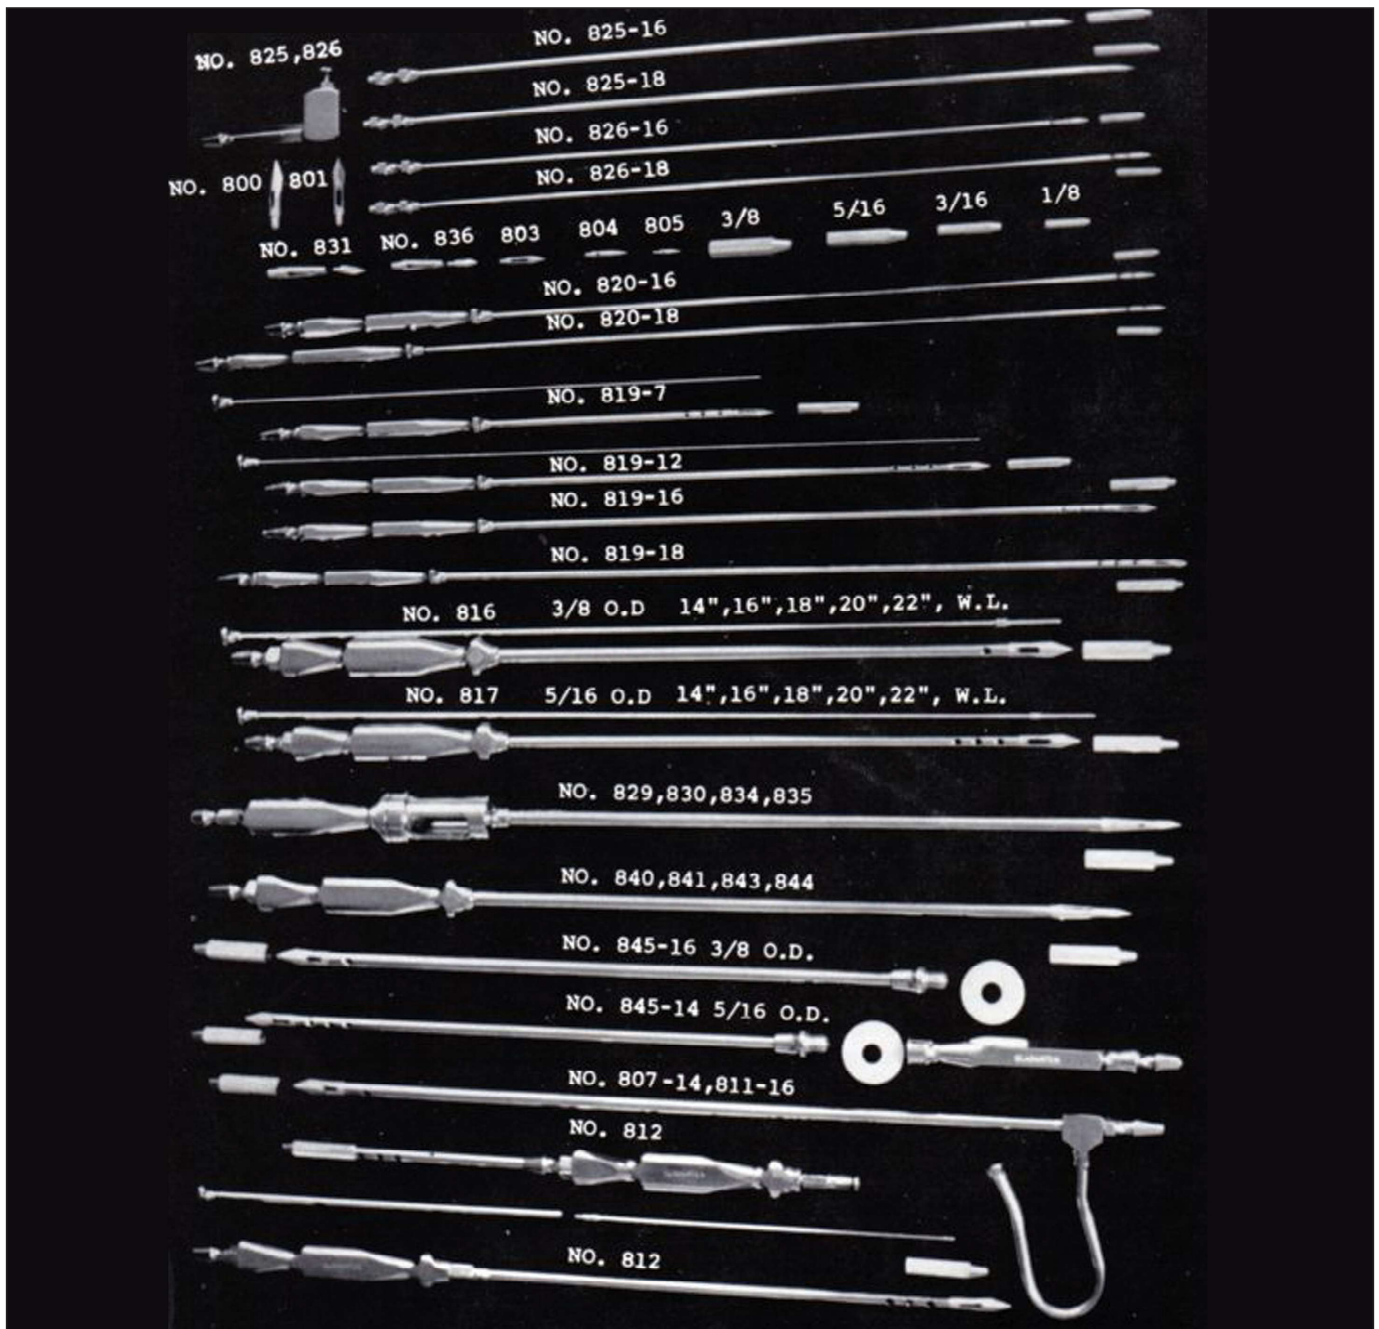

- 866 – plastic fluid bottle top injecting set
- 510 – 2 tine tenaculum-sharp
- 511 – single
- 854 – aneurism needle-broad handle
- 851 – aneurism needle-round handle
- 853 – enucleator-flat point separators on opposite ends-hexagon handle
- 407 – tissue retractor

- 1001 – hydro aspirator
- 1002 – extension

Slaughter Instruments

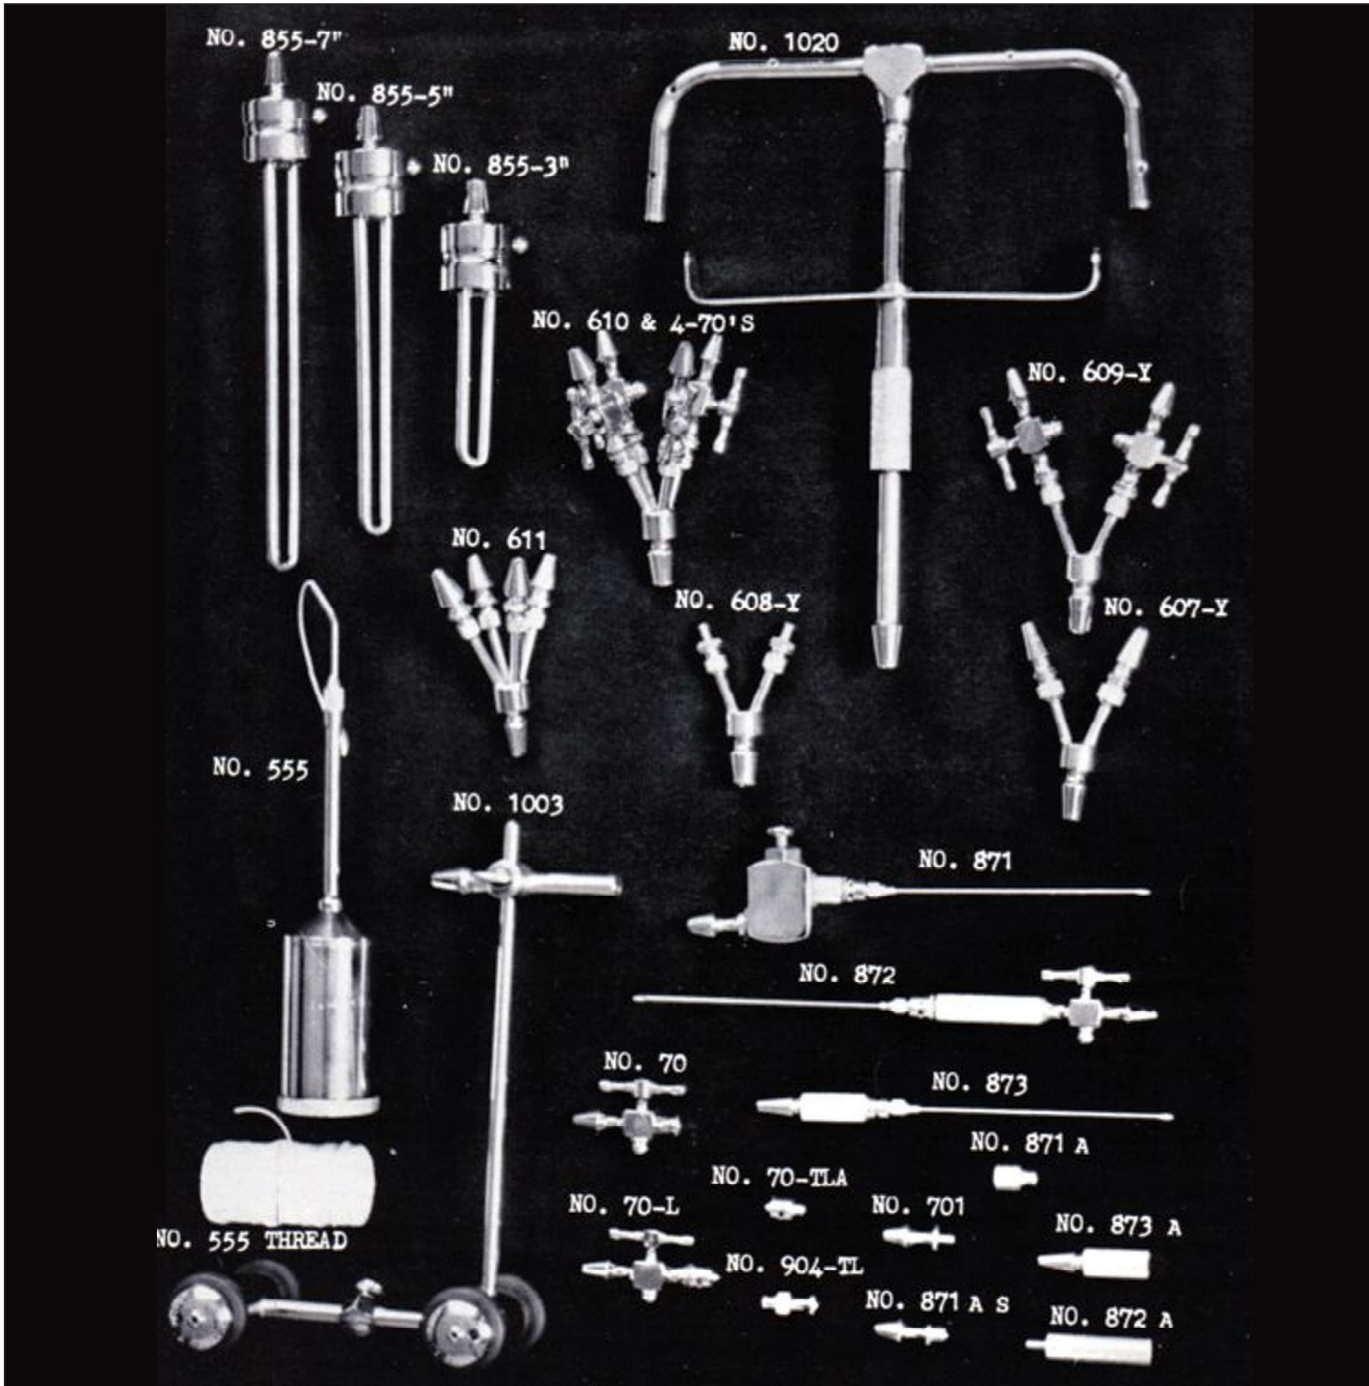

Trocars

812 – trade embalmers trocar 13" wl 5/16
 816 – straight line trocar 3/8 choose 14, 16, 18, 20, 22" long
 817 – straight line trocar 5/16 choose 14, 16, 18, 20, 22" long
 819 – infant trocar 3/16 choose 7, 12, 16, 18" wl
 820 – infant trocar 1/8 choose 16, 18" wl
 825 – hypo valve trocar 3/16 choose 16, 18"
 826 – hypo valve trocar 1/8 choose 16, 18"
 827 – trocar complete with both diameter barrels 16" wl
 828 – 18" wl

829 – dynamic sight glass trocar 3/8 16" wl
 830 – 19" wl
 834 – 5/16 16" wl
 835 – 5/16 19" wl
 840 – dynamic trocar without sight glass 3/8 16" wl
 841 – 19" wl
 843 – 5/16 16" wl
 844 – 19" wl
 845 – set-both 14" wl and 16" barrels with 1 handle
** Extra points available for trocars.*

Instruments

Slaughter Instruments

70 – stopcock hose mount
 70TLA – adapter to female luer lok
 70L – 70 stopcock with 70TLA attached
 607 – Y slip hub
 608 – Y threaded hub
 609 – Y with stopcocks
 610 – 4 way Y threaded hubs
 611 – 4 way Y slip hub

555 – thread passer
 555BL – new blades-6 pack
 555T – thread-6 pack
 855 – cavity injector - 3", 5", 7"
 871 – thumb control needle valve control with 4" needle
 872 – stopcock control needle valve with 4" needle
 873 – constant flow unit with 4" needle
 0 – table cleanser
