

# HIP HOP

*Hip Hop is an upbeat style of dance, which will ask the dancer to connect athleticism, musicality, and articulation of the body while being performed to music. Although Hip Hop's roots came from urban street dancing, it has become increasingly popular in the entertainment world. Funk dancing is the perfect fusion of styles, incorporating jazz roots into a melting pot of Hip Hop, break, popping & locking, along with other fashionable dance genres.*

*This high-energy class develops knowledge of hip-hop and the story it tells through musicality. Progress is a process, and in this class, we will begin the process and develop a dancers voice! Hip Hop class gives dancers a freedom of expression while learning technique that help define the dance and incorporate performance.*
