CONDITIONS OF SALE AND LIMITATIONS OF WARRANTY AND LIABILITY

Limitation of Liability: In no event shall seller or manufacturer be liable for special, incidental or consequential damages, or for damages in the nature of penalties. Seller or manufacturer shall not be liable to buyer, by way of indemnification to customer or buyer, if any, for any damages, sums of money, claims or demands whatsoever, resulting from or by reason of, or rising out of the misuse or the failure to follow label warnings or instructions for use of the goods sold by the seller or manufacturer to buyer. Buyer's or user's exclusive remedy and seller's or manufacturer's total liability shall be for damages not exceeding the cost of the product.

Warranty disclaimer: Ineffectiveness or other unintended consequences may result because of such factors as presence of other materials or the manner of use or application, all of which are beyond the control of the seller or manufacturer. In no case shall seller or manufacturer be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the buyer or its customers. Tests have not been carried out under all possible conditions and seller or manufacturer cannot and does not warrant that the product is compatible with all other chemicals. Seller or manufacturer warrants that product is adequately contained, packaged and labeled and conforms to the affirmation of fact made on the container and label. Seller or manufacturer makes no other warranties, guarantees, or representations of any kind, either expressed or implied, or by usage of trade, statutory or otherwise, with regard to the product sold, including, but not limited to merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage.

Agri-Gro Marketing Inc. and seller offer this product, and Buyer and User accept it, subject to the foregoing conditions of sale and limitations of warranty and of liability, which may not be modified except by written agreement signed by a duly authorized representative of Agri-Gro Marketing Inc.

GENERAL. INFORMATION

Super-Cal® can be applied as a foliar feed, root dip, or soil applied. These various types of application enable the soil and plant to benefit from the naturally balanced nutrients found in Super-Cal® .

Super-Cal® is recommended for application on all varieties of turf grass, fruits, vegetables, trees, shrubs, lawns, flowers and houseplants.

Super-Cal® should be applied in early AM or late PM, followed by watering if possible.

Super-Cal® can be applied through any type sprayer or by means of injection pump through irrigation systems. Super-Cal® can be mixed with most nitrogen solutions, soil applied herbicides, pesticides and fungicides. (Always do a jar test to insure compatibility).

Important: To avoid the formation of insoluble precipitates, **DO NOT** mix Super-Cal® with materials containing phosphates or sulfates.

DIRECTIONS FOR USE

Tees & Greens: Apply 6 - 8 oz./1,000 sq. ft. every 30 days throughout growing season. Fairways & Sod Production: 3 - 6 gallons per acre applied in early spring when growing season begins or 1 gal./acre every 30 days throughout the growing season.

Lawns: Apply 5 - 6 oz./1,000 sq. ft. of lawn every 30 days throughout entire growing season followed by watering. Hose end sprayers work best for this application.

Fruit, Vegetable & Flower Gardens: Soil apply 10 oz./1000 sq. ft. of garden area prior to planting. Drench, Transplant, or Watering Solution: (Flowers-Fruits-Vegetables-Shrubs-Trees-Houseplants) Mix 2 oz. in 1 gallon of water. Use 4 oz. of watering solution (1/2 cup) per plant every 3-4 weeks. Foliage Spray: (Flowers-Fruits-Vegetables-Shrubs-Trees-Houseplants) Mix 1 - 2 oz. in one gallon of water and mist evenly onto plant foliage every 2 - 3 weeks. Water as usual. Note: For best results apply in early morning or late evening, not in direct sunlight when temperatures exceed 85 degrees E DO NOT apply to the foliage of African Violet plants.

MIXING INSTRUCTIONS

- 1. PUT 2/3 OF WATER IN TANK.
- 2. ADD CORRECT AMOUNT OF SUPER-CAL®.
- 3. ADD OTHER CHEMICALS OR FERTILIZER IF ANY.
- 4. FILL TANK WITH BALANCE OF WATER AND AGITATE UNTIL MIXED.
