

# **100% Quality Guaranteed**

## **Remanufactured Cartridge Warranty**

Our Company warrants each remanufactured cartridge to be free of defects in both materials and workmanship for a period of one year from the date of purchase. The Cartridges have been remanufactured to the most exacting quality control standards possible, guaranteeing performance that meets or exceeds that of the original equipment manufacturer. The Company will, at its opinion, replace the cartridge or refund the full purchase price of any of its remanufactured printer cartridges found to be defective. The Company further warrants that, subject to the conditions stated below and under normal use, our printer cartridges will not cause damage, abnormal wear, or deterioration to your printer. In the unlikely event that an authorized service representative insists that our product caused damage to a customer's equipment, we will pay for the damage. Certification must be given by the authorized service representative, that such damage could not have occurred under identical operating conditions when using an OEM product. The Company's sole obligation under this warranty and the exclusive remedy hereunder will be to replace defective products freight on board destination or to reimburse the customer as specified above. There are no other warranties, expressed or implied, whether of merchantability, fitness for particular purpose or otherwise.
