

Dementia Expectations

Tuesday Oct. 3rd @6:00 PM

St. John's UMC

Kym McCloy is a local speech pathologist that specializes in dementia care and dementia behavior. She received her Bachelor's of Science from West Liberty University and went on to receive her Master of Science from Marshall University. She is an American Speech and Language Association member and an ACE recipient. Kym is a Certified Dementia Behavior clinician and enjoys working with the geriatric population, determining the most effective communication means. Kym has worked at Roane General Hospital for 14 years with experience in the Long Term Care, Acute Care, and Outpatient settings. She currently provided speech therapy for adults and children alike.

In her spare time, Kym enjoys spending time with husband Kenny and training horses.
