

TEAM BUILDING PROGRAMS AT CWCS

- There's no better way to mark a special occasion - be it a corporate gathering, bachelorette party, bridal shower, birthday or anniversary - than with a wooden spoon in hand and friends and co-workers all around.
- And if you're looking for an effective, fun way to bond with colleagues, a cooking party is an original team-building exercise that will leave you and your guests smiling long after the cooking is done. As team members learn essential culinary techniques and master new recipes, they also strengthen bonds and relationships in a fun, informal environment.
- When your group arrives, we'll describe the menu, outlining basic techniques you'll master. Then we'll divide your team into stations. You'll cook for about an hour and a half, whipping up an incredibly tasty 4 to 5-course meal, then sit down to enjoy the fruits of your labor with specially selected Italian wines.

- Menus are tailor-made for your group. You can also order handsome customized aprons for everyone. Every guest will receive a recipe packet through e-mail so they can recreate the delicious menu at home.

PROGRAM OFFERED

ACTIVATED LEARNING EXPERIENCES

Great food, great conversations while learning, and building teams — all a part of unique experience.

Here's what you can expect

All activated learning experiences last 2-1/2 hours. We can accommodate a maximum of 12-16 hands-on participants (unless otherwise agreed upon).

The chef welcomes the group, explains the “rules” of the team building selected, and assigns teams. Each team works together to prepare courses of the menu. When the food is ready, teams present their dishes to the entire group before sitting down to a wonderful meal. Last but not least, our culinary team facilitates a guided discussion to conclude the experience.

A facilitation and set-up charge of **\$395** will be applied for all activated learning experiences.
