## Objective

Won Buddhism of America Youth Community seeks to reconnect and network members of the Won Buddhism Community across the country. The Youth Community will update its members throughout the year of various events, news, and activities that occur in the Won Buddhism community.

## Who is Considered as Youth?

Although the facebook page is **not** focused primarily on a target audience, the Won Buddhism of America Youth Community Facebook Group is geared more towards those in between the ages of 19-29. This does not mean that those who do not fall in this age bracket are excluded by any means.

## How is Facebook Used?

Through the use of social media, the Won Buddhism of America Youth Community will be able to reach people all across the country simultaneously and allow for people who do not live near a Temple to be just as informed as those who do attend regular services.

The services will be broken up into two different categories: The Won Buddhism of America Youth Community Page and The Won Buddhism of America Youth Community Group which will serve different functions but at the base have the same goal.

### The Facebook Page

The Won Buddhism of America Youth Community Facebook Page is dedicated to serving all people who are interested in Won Buddhism and is open to the public. Anyone can go to the page and click the "like" button and get all up-to-date information on all things going on in the Won Buddhism Community.

### The Facebook Group

The Won Buddhism of America Youth Community Group's main function is for social interaction between members. Youth group members from temples all across the country will come together, interact, network, and have fun.

## What Can I Do?

Users in the Won Buddhism of America Youth Community Social Circle are broken down into two main groups: Won Buddhist Members (WBM) and Non-Members (NM). WBM's are people who have or are currently attending a Won Buddhist Temple on a regular weekly basis and also have a Dharma Name.

As a Won Buddhist Member you will have access to the Facebook Group where you will not only gain access to everything on the Facebook Page, but also be able to network with other WBM's throughout the country.

Just because you are not a WBM, does not mean that you are excluded from the Won Buddhism of America Youth Community. As long as you have a facebook account, you will be able to go to the Won Buddhism of America Youth Community Facebook Page, press the "like" button and receive all the updates that WBM's receive.

If you want to become a WBM you can go to the following website:

[www.wonbuddhism.org](http://www.wonbuddhism.org)

Here you will be able to search for your nearest Won Buddhist Temple and you can start your journey there to becoming an official member!
