### About the history of Tae Kwon Do...

All animals, as well as being, have strong instincts to protect themselves. So the origin of Tae Kwon Do goes back to the early days of human existence on the earth.

We do not have any historical evidence of the early human days; however, the oldest records of Tae Kwon Do we can find are in the royal tombs of the Kogooryo dynasty in 37 B.C. They are paintings which show some of the tae kwon do postures. So tae kwon do is called the 2000 year old ancient Korean martial art.
