

2022 Proposed ROCAME Jamboree Virtual Event Schedule							
Submission Only (Due by April 15th)							
Event	Host Company	Level	Submission Description	Submission Format	Notes	Volunteers Needed	Scoring
Free Expression	100 Black Men	MS/HS	Students should create a video, highlighting activities during the past year (April 2021-April 2022)	Upload the video in mp4 format to a designated Google Folder shared with the advisor/LEA			
Robotics Notebook	IP/UNCW	MS/HS	Students should create a notebook with lab reports for practice sessions, text for the rap poem, reflection questions, and distance-time graphs.	Upload a file to a designated Google Folder shared with the advisor/LEA			
Robotics Maze	IP/UNCW	MS/HS	A volunteer (teacher, family member, etc.) is allowed to build the maze from "foam board". Boards (2 or 47) should be combined to allow for a maze with 60 x 40-inch borders. Students will create a video of the robot moving through the maze.	Upload the video in mp4 format to a designated Google Folder shared with the advisor/LEA			
Robotics Rap	IP/UNCW	MS/HS	Students should create a video performing the rap poem from the notebook.	Upload the video in mp4 format to a designated Google Folder shared with the advisor/LEA			
ElectroGames Notebook	GE	MS/HS	Students should submit notebook(s) with laboratory reports for practice sessions, circuit diagrams, and answers to sample questions (CFCC) and practice problems	Upload a file to a designated Google Folder shared with the advisor/LEA			
*First and Second Round Events will be held afterschool between 4:00pm - 5:00pm.							
First Round (Tuesday, April 26th)							
Event	Host Company	Level	Zoom Link	Test Format	Notes	Volunteers Needed During Event Time	Scoring
Chemistry Clue	Corning	HS	TBA	Camera On	In order to begin the testing at the same time, it may be wise to ask students to log in 15 minutes early to get organized. Students will need to rename themselves with their school name so judges can connect the answers with each team. Did you talk with Corning to make sure that they want to run the event as we talked about using the chat feature in Zoom?	Zoom Host, Volunteer to lead the event and read the clues. Volunteers to watch the chat and record answers in the shared scoring spreadsheet.	Scoring can occur during the event or after the event if the chat has been saved. I would suggest that volunteers plan to complete scoring before exiting the Zoom platform. The scoring spreadsheet could be in a Google Folder so you will have access to the results as they are completed.
Oratory Contest	100 Black Men	MS	TBA	Camera On	Will one hour be long enough to hear all the MS teams that compete in Oratory? Should we have teams sign up for a specific time? Maybe we will need to begin before 4:00pm and finish a little later than 5:00pm?	I do not know how many volunteers you have used in the past.	I am assuming that you have a template that is used to score this event. Do you give teams feedback? I am willing to create an online scoring sheet if that would be helpful.
NACME STEM Test	USACE	HS/MS	Not Required	Google Form Test	This only requires teams to click on a link and complete the Google Form Test, no Zoom connection.	Volunteer to make the form active at 4:00pm and stop accepting responses at the determined time.	If this is a Google Form Test, any T/F or Multiple Choice questions can be scored automatically. If teams are asked to complete an open answered question, volunteers will need to score those answers after all tests are turned in.
ElectroGames	GE	MS	TBA?	Virtual	I am uncertain if Dr. Flythe needs to have students on camera for this event. This event has 3 parts: Notebook, Written Test and Circuit Building. I know that the notebook will be turned in on 4/15. The written test can be a Google Form Test. I am not sure how Dr. Flythe wants to handle the Circuit Building.	Zoom Host? Volunteer to make the form active at 4:00pm and stop accepting responses at the determined time. Volunteers to review the Circuit Building on Camera?	Since this event has 3 parts, the scores for each section will need to be combined to make one score. I can help create a spreadsheet to record all three parts of the event so as the scores are entered for each part, the final score will be generated.
Second Round (Thursday, April 28th)							
Event	Host Company	Level	Zoom Link	Test Format	Notes	Volunteers Needed During Event Time	Scoring
Math Test	LEA	MS/ HS	Not Required	Google Form Test	This only requires teams to click on a link and complete the Google Form Test, no Zoom connection.	Volunteer to make the form active at 4:00pm and stop accepting responses at the determined time.	If this is a Google Form Test, any T/F or Multiple Choice questions can be scored automatically. If teams are asked to complete an open answered question, volunteers will need to score those answers after all tests are turned in.
Oratory Contest	100 Black Men	HS	TBA	Camera On	Will one hour be long enough to hear all the MS teams that compete in Oratory? Should we have teams sign up for a specific time? Maybe we will need to begin before 4:00pm and finish a little later than 5:00pm?	I do not know how many volunteers you have used in the past.	I am assuming that you have a template that is used to score this event. Do you give teams feedback? I am willing to create an online scoring sheet if that would be helpful.
Science Clue	Corning	MS	TBA	Camera On	In order to begin the testing at the same time, it may be wise to ask students to log in 15 minutes early to get organized. Students will need to rename themselves with their school name so judges can connect the answers with each team. Did you talk with Corning to make sure that they want to run the event reading the questions in Zoom, but students recording their answers in a Google Form Test?	Zoom Host, Volunteer to lead the event and read the questions. Volunteer to make the form active at 4:00pm and stop accepting responses at the determined time	Volunteers will need to score the answers for this event after receiving test submissions. It could happen on the same day, or it could be done at another time.
ElectroGames	GE	HS	TBA?	Virtual	I am uncertain if Dr. Flythe needs to have students on camera for this event. This event has 3 parts: Notebook, Written Test and Circuit Building. I know that the notebook will be turned in on 4/15. The written test can be a Google Form Test. I am not sure how Dr. Flythe wants to handle the Circuit Building.	Zoom Host? Volunteer to make the form active at 4:00pm and stop accepting responses at the determined time. Volunteers to review the Circuit Building on Camera?	Since this event has 3 parts, the scores for each section will need to be combined to make one score. I can help create a spreadsheet to record all three parts of the event so as the scores are entered for each part, the final score will be generated.
