Company: DONGJIN Company, Ltd.

Website (Company): www.djcpglobal.com

Website (Product): <http://www.healcerion.com>

Certificates / Registrations: FDA, CE(ATEX)

Corporate Description / Mission

Dongjin Company, Ltd. is a company with over 200,000 partnerships with several vendors to participate in procurement markets of the Republic of Korea. Even if SMEs in South Korea have excellent quality products that are delivered onto the procurement market, they're losing business opportunities due to a lack of marketing strategies. So Dongjin pursues a direct technology development, capital investment, etc., with a plan to bridge foreign procurement markets as a supplier of good products and marketing cooperation.
