Luxe Renovation was founded by Brian Humplik and Chad Stultz, both veterans of the home renovation business with over fifty years of combined experience. From the ground up, Brian and Chad have built Luxe Renovation to service

customers with the best tradesmen for the job. Instead of hiring low-skilled labor, they and the team have sought after highly skilled technicians which has resulted in a combined experience of over 100 years now on staff. The company was started by door-knocking and building up a referral list. Through their impeccable service and outstanding work, Luxe Renovation has quickly grown. They have doubled down on customers' needs, their expertise,

"Lone Star Greeting Service is awesome to work with. Our pool company has used them since 2006. They are very professional and have always notified us of customers who were looking for our type of services....great lead source." Today I visited new homeowners moving from AZ. They were a young couple, and their first child is due this Spring. He is a blacksmith, and has a non-profit that benefits men in law enforcement. Two visits later, in the same neighborhood, I called on new homeowners who are both in law enforcement. I told them about the previous homeowner's non-profit and they were so excited. Both young families, living a few streets apart, and God used me to connect them. I love helping people, and I especially love helping people who

Meet the Lone Star Greeting Service Team Kimberly My name is Kimberly, and I've been with Lone Star Greeting Service since August 2022. I currently represent the Montgomery, Magnolia and Conroe here before. I was able to hep her with so much! She had questions about schools and local restaurants. She also blessed me with her story and told me about the rich history of Louisiana to include both the origins of the Cajuns and the Creoles. I loved visiting with her and getting to know her better. When I'm not working, I love decorating my home and spending time with my family. My happy place is my home and I enjoy gazing into the forest behind me. Watching the deer is the most peaceful thing to me. I have always lived in this geographical area. I was born and raised in Houston and have only strayed as far as Montgomery. I attended Sam Houston State University and earned my degree in Psychology. My past career was in recruiting, so connecting with people is right up my alley. My husband is also from the Houston area. We have been married for 22 years and have two teenagers...one boy and one girl. My son has been involved in different sports, so we spend our spare time cheering him on at those events. My daughter recently completed high school
