In January 2014, Wingspan Seminars is launching Conflict TV, a community-based program that will engage conflict and crisis management experts in stimulating conversations with parents, community and corporate leaders, and government officials. Conflict TV will provide a forum to address many issues that challenge the safety and stability of our families, communities, schools, and workplaces. Our goal is to be a solutions-driven catalyst for change in our community. Partial proceeds from our conference will support the programming of Conflict TV and allow Wingspan to engage our community members as well as offer solutions to a broader audience.

Wingspan's experience interacting with parents through our various community initiatives has shown us the realization that many parents need guidance. Many parents do not realize that their actions and behaviors are modeled by their children. Many parents simply do not know what they don't know. The underlining purpose for this conference is to assist parents as they strive to raise responsible, safe, and healthy children that feel loved and valued.

Please review the opportunities to partner with us on the following pages and join our efforts to strengthen our families and community. "If we don't, who will"? If you have any questions about our conference and sponsorships, please feel free to contact me at 305-253-2325. I will follow-up shortly for what I hope will be a positive response to this request. Thank you in advance for helping us to help others.

Sincerely,

Priscilla Dames, CEO
