

The "Practice Your Spiritual Gifts" Group is facilitated by Angela Wills. This group meets each Thursday at 1 pm until approximately 5pm or as long as the group continues to go.

This is a time for **Practice** and to share with each other your gifts and how they manifest on an individual basis. This is not a place to simply receive "free" readings as this is a time to learn, grow and share together.

There is no cost to join this group. All are welcome!

All that is asked and required is that you come ready to participate.

**If you are just wanting to check the group out to see how it works and if it something you would like to be part of ... please join for observation and clarification. Any questions you have will be addressed and answered.*
