Pound House

TIME TRAVEL THURSDAYS

Summer Fun

★ Kids ages 6-12 are welcome to participate each Thursday in July for hands-on pioneer activities. Each class will be held from 9:00 AM-11:00AM with a cost of \$10 per child. Reservations are required since class sizes are limited. Please visit our website at www.thepoundhouse.org to purchase your classes and sign up today! (*A small snack will be provided at each Time Travel Thursday.) ★

July 12th

Goats Galore

www.purelucktexas.com

Please join us for an old fashioned butter-making session. Amelia Sweethardt with Pure Luck Farm and Dairy will lead us during this part. Together we will make butter by hand the way that butter was made in kitchens long ago and then enjoy some fresh butter on some homemade bread as their snack for the day. The second part of the morning will involve joining Brittany Nolen, of Bare Ash, LLC, for a traditional goat milk soap making presentation. Learn the definition of soap, the process of how soap was traditionally made, the ingredients used in soap making, the chemical process of saponification, and enjoy a mock-soap making demonstration. Each participant will get to take their turn at cutting a bar of goat milk soap that they will get to take home with them.

Beautiful Birds

[bareASH](http://bareASH.com)

Our very popular class is back! Come for a bird watching tour on the beautiful Pound House grounds. Hosted by Travis County biologist, Paul Fushille and Amanda Bustillos from Wild Birds Unlimited. Children will learn about bird watching basics, various feeders and seed choices and facts about the Balcones Canyonlands Preserve and local rare birds. As a snack that day, we will make our own popcorn balls.

Wonderful Weaving

Weaving is one of the oldest crafts in the world. Working with our hands builds self-confidence and supports creative self expression. Join us as we explore different types of weaving through hands on activities! Choose make a Nature Loom with fallen branches, make a Popsicle Stick Loom or basket weave using a paper plate template. There will also be a group weaving project along with a live demonstration from a real weaving loom.
